THE POWER AND LIMITATIONS OF NUMEROLOGY

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages.

You are unique, and so is your Profile. We hope you enjoy your reading.

YOUR PERSONALITY PROFILE

Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before.

I hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. I wish you the best on your journey.

PART I: ABOUT YOU

Your Personality Profile is based on your full name at birth, your current name, and your date of birth. Your full name tells us who you are; think of it as your numerology-DNA. Your date of birth reveals your path and the patterns of your personal growth.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 38/11

Yours is the most highly charged Expression number of all. You are like a lightning rod, attracting powerful ideas, intuitions, and even psychic information like unpredictable bolts. You are a powerful presence without any awareness on your part of having personal power. You are a channel for higher vibrations. But in order to be emotionally and psychologically at peace, you must learn to control that flow of energy. You possess a bridge between the unconscious and the conscious.

The trouble is that the unconscious is an infinite resource, while consciousness by definition is a limited arena. The two are therefore at odds until they can learn to live in harmony with each other. This is where control comes in. Until you are able to control the flow of energy from this infinite source, you may feel like a victim of its whimsy, thrown about by emotional turmoil and nervous tensions.

You have always sensed that you are different, but it was an indefinable feeling. You are enormously sensitive and aware, especially as a child. This made you vulnerable to all conflicts and painful situations. For most of your upbringing, however, you did not realize that other people did not possess the same sensitivity, nor did they see the same things you were seeing. This caused a great reservoir of emotion that was dammed up behind an inability to express your feelings, even to yourself.

For this reason, most 11 Expressions have a difficult childhood. Your extreme sensitivity made you very shy

as a child. This usually manifests in adulthood as hesitation and acute vulnerability. You are very careful about sharing your feelings with others and choosing your friends.

You compensated for your sense of separation in childhood by creating an elaborate fantasy world. You daydreamed more than other children. You have a lively imagination and even in adulthood have a hard time separating reality from fantasy.

Your challenge is to bring forth your primitive, earthy strength. You need to be grounded in order to deal with your lightning bolts. The more you are able to call upon your inherent human strength, the greater your capacity to take advantage of your extremely sensitive awareness. Once this is accomplished, your antagonist becomes your benefactor.

You are highly emotional and dependent upon relationships. Emotionally, you go up and down with the fortunes of your love life.

You are idealistic, impractical, and at times disorderly. You are often unrealistic in your expectations. Your reasons for doing things are usually born of a mixture of logic, emotion, and intuition, which can rarely be explained satisfactorily to your more rational associates.

The 11 Expression is the number most dependent upon other core numbers in your chart for insight into your vocation. The 11 charges every area it enters, but it needs a grounding vocation and discipline to be effective. A balanced 11 is one of the most unique and impressive of all people. It is gifted with insight and illumination, which it can transmit to others. This makes you a natural teacher in whatever area you enter.

THE HEART'S DESIRE (A.K.A. SOUL URGE)

The Expression number described above points to a more productive side of your life. Your Heart's Desire, also called Soul Urge number, reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.

You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire number is 11

You have wisdom beyond your years. Even as a child, your understanding of life was considerable, though it likely went unrecognized by others.

You are a born peacemaker. You are driven by a desire to settle conflicts and create harmony. You are a healer and a visionary. You long to make the world a better place and cannot rest until you have dedicated your life to some worthwhile cause. Your realm is ideas and philosophy. You are attracted to the world of energy more than to the mechanical or material planes. Philosophy, religion, and less traditional forms of healing are among your specialties. You are obsessed with the quest for enlightenment.

You are extremely sensitive and possess a high degree of intuition. Subtle messages and feelings of others do not escape your attention. You are powerfully aware of the thoughts and feelings of others. Unless you are well grounded, this can throw you about emotionally. Your awareness can be both a gift as well as a problem, because you so deeply desire to please others and keep harmony in your environment.

Many 11s were born into extremely hostile or turbulent families. This often resulted in psychological pain, lack of confidence, and shyness during childhood. Somehow, the child with an 11 heart's desire recognized the sources of his family's problem. This created an internal conflict for the child, who naturally loved the troubled parent, but could not cope with that parent's behavior. Therefore, many 11s are scarred early in life. They understand the sufferings of others and seek to be of service in some way.

This is, in fact, the easiest way for you to heal yourself and find your greatest satisfaction. You understand the importance of close, loving relationships. Therefore, you are selective in choosing your friends and spouse. You are a romantic, idealistic, but somewhat impractical person. Unless you have other balancing characteristics (as indicated by 1s, 4s, and 8s in your chart), it is wise to team up with a more practical and realistic partner.

You have a magnetic and charismatic personality. You like pondering abstract matters. Your intelligence is electric. Ideas, solutions to problems, and inventions seem to come to you as if out of the blue.

You are highly charged and intense. This can cause nervous tension. You need to care for your nervous system with ample amounts of rest, a peaceful environment, and proper diet -- avoiding extreme foods and drugs.

You are often more concerned with universal justice than with the individual.

The 11 is a master number, possessing great potential. It has been entrusted to you as a gift that you are worthy of. The key is to maintain a hold on your ideals and seek ways to practically implement them.

You have a specific role and gift to give to the world. This requires time and maturity to fully comprehend. But with patience and perseverance, you will discover why you felt different and even unique as a child. At

that time, you will discover that what made you feel weak as a child will make you strong and confident as a mature adult.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 27/9

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others. Many actors, dancers, and other performers have a 9 Personality Number.

You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world. Your challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing. You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

THE HEART'S DESIRE - PERSONALITY BRIDGE

A Bridge number is based on the numerical difference between two closely related aspects in your

chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire - Personality Bridge number is 7

This bridge can come only from a combination of either 8 and 1, or 9 and 2. This number urges you to spend more time and effort on spiritual matters, as either combination can cause a person to become too interested in material matters. Excessive attachment to money, goods, and status quo can make you vulnerable to the temptations of the material world.

PART II: THE PATH YOU ARE ON

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path number is 8

You are gifted with natural leadership and the capacity to accumulate great wealth. You have great talent for management in all areas of life, especially in business and financial matters. You understand the material world; you intuitively know what makes virtually any enterprise work. Your talent lies not with the bookkeeping or petty management, but with the greater vision, its purpose, and long-range goals. You are a visionary and a bit reckless.

You possess the ability to inspire people to join you in your quest, but often they are incapable of seeing what you see. Therefore, those around you need your continual guidance, inspiration, and encouragement. You must prod them into action and direct them along the lines of your vision.

You attract financial success more than any other Life Path, but effort is required. Your challenge in life is to achieve a high degree of detachment, to understand that power and influence must be used for the benefit of mankind. Those born with the Number 8 Life Path, who do not understand the real and relative value of

money are bound to suffer the consequences of greed; they run the risk of losing it all!

You must learn to bounce back from failures and defeats. You have the character and resilience of a true survivor. It is not uncommon for a person with your Life Path to experience major reverses, including bankruptcies, financial failure, but you also have the talent and the sheer guts to make more than one fortune, and build many successful enterprises. More than most people, your failures in marriage can be extremely expensive for you.

Despite the difficulties that life presents, you will experience the satisfaction that comes from material wealth and the power that comes with it. Business, finance, real estate, law, science (particularly history, archeology, and physics), publishing, and the management of large institutions are among the vocational fields that suit you best. You are naturally attracted to positions of influence and leadership -- Politics, social work, and teaching are among the many other areas where your abilities can shine. You are a good judge of character, which aids you well in attracting the right people to you.

Most 8s like large families and sometimes tend to keep others dependent longer than necessary. Although jovial in nature you are not demonstrative in showing your love and affection.

The desire for luxury and comfort is especially strong in you. Status is very important. You must be careful to avoid living above your means.

Your Life Path treads that dangerous ground where power lies -- and can corrupt. You may become too self-important, arrogant, and domineering, thinking that your way is the only way. This leads inevitably to isolation and conflict. The people you run the risk of hurting most are those you love, your family and friends.

Be careful of becoming stubborn, intolerant, overbearing, and impatient. These characteristics may be born early in the life of an 8 Life Path, who often learn these negative traits after suffering under a tyrannical parent or a family burdened by repressive religious or intellectual dogmas.

Those with the 8 Life Path usually possess a strong physique, which is a symptom of their inherent strength and resiliency.

THE BIRTH DAY NUMBER

The day you were born bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 22/4

You are a hard worker and a conscientious person. You are precise and take great care in what you do. You are highly-principled, disciplined, and responsible. Hafeez, you take your obligations very seriously. You are highly ethical. You can be proud and upright, but, conversely, you are not particularly arrogant. You have compassion for people. You tend to persevere in the face of an obstacle or personality problem.

You love your family and make a wonderful mate. Yet, you are not overly emotional, nor very demonstrative of your love. You tend to understate your affections.

You are constantly focused on the foundations of your life -- whether it is in business, career, or family matters, you take care of the basics. You are highly rational. You are not one for pie-in-the-sky solutions to problems. Nor are you given to get-rich-quick schemes. Yours is the slow, patient approach, sound and secure.

You are a natural organizer and manager. People -- especially relatives and co-workers -- tend to rely on you. You are perceived as the rock of any endeavor. You can be stubborn and rigid. Your nature is to dig in and wait. This can close you off from solutions or creative ideas. You must work at being more flexible. You often experience frustrations and repression. You are not an emotional person, and perhaps you don't fully understand the emotional realm. This is the reason you can be rather tactless at times.

Be careful to avoid excess work and missing out at smelling the roses of life. You like to be in nature.

THE LIFE PATH - BIRTH DAY BRIDGE

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path - Birthday Bridge number is 4

Your 4 Bridge tells us that your Life Path and Birth Day numbers will be brought into more harmonious affiliation if you take a disciplined, coordinated approach to your endeavors. In your case, the need to be in accord with the natural timeline of events is particularly important. Procrastination affects everyone, but you will feel the consequences of inaction more strongly. Handling issues in a timely manner prevents chaos and increases the influence you will have on your own circumstances.

Another aspect of a 4 Bridge is the need to keep a close eye on the small, seemingly trivial, details. Everything about your 4 Bridge points to the benefits of running a tight ship.

CHALLENGES; YOUR FIRST CHALLENGE

You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated,

while others have four distinctly different lessons to learn.

These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.

The four Challenges in your chart will influence you during the periods of your life listed below.

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge is 3

You are your own worst critic. You suppress your individuality and creativity. Each time you want to make an impression, you doubt yourself beforehand, and criticize yourself ruthlessly afterward. Your criticism of yourself is far more severe than anyone else's. As a result, you tend to play it safe by staying on the surface, indulging in superficialities. You rarely express what goes on deep inside of you; instead, you cover up your feelings with humor or perfunctory remarks.

You often feel alone and lonely. Your fear of social interaction causes you to strain conversation by making too many jokes and forced joviality. It may help you to find a creative outlet for your imagination, possibly through writing, painting, singing or dance.

At the bottom of the challenge is an effort to bring out your true self. You will learn to truly value your own creative talents above anyone else's judgments. This must be viewed as a process of individuation, in which you become a whole human being, independent and free of the need to conform to others.

THE SECOND CHALLENGE

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge is 1

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power. You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual.

This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts. You will

learn your own set of values; you will develop into an individual with original and innovative ideas.

THE THIRD AND MAIN CHALLENGE

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control. There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third and Main Challenge is 2

You are overly sensitive and too aware of other peoples' expectations. You suppress yourself to avoid feeling conspicuous. You can be overwhelmed by self-consciousness. You fear gossip about you. As a result, you become inhibited. All of this results in a suppression of your own individuality and uniqueness. You yearn to blend into the crowd.

You let your own feelings and emotions play too big a role. Your hypersensitivity causes fear, timidity and lack of self-confidence. And you experience unnecessary fear and emotional turmoil. Little things seem disproportionately difficult to overcome and sometimes have a paralyzing effect. Jealousy can cause much pain and misunderstanding.

These negative aspects of the challenge actually spring in part from positive characteristics you possess, especially your acute awareness and intuition. You are an antenna for other people's feelings; you know before a word is spoken how they feel.

You lack the inner strength to maintain your own center and try to conform to the prevailing emotional atmosphere.

This challenge makes you understanding and compassionate; you have an enormous empathy for the inner turmoil of others and can do much good for people with emotional problems.

THE FOURTH CHALLENGE

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

Your Fourth Challenge is 2

Hafeez you are repeating your Third Challenge

PART III: YOUR PATH AND YOU

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

THE LIFE PATH - EXPRESSION BRIDGE NUMBER

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your goals and personal growth.

Your Life Path - Expression Bridge number is 3

Your 3 bridge suggests there could be a distinct gap between your understanding of what your talents and strengths are, and the way you approach the opportunities and challenges you encounter. You likely experience a reluctance to grab opportunities when they come your way, preferring to hold on to what you know rather than reaching for something new and different.

This is not due to personal preferences, but to a lack of confidence, which can also impair your ability to express yourself with clarity and conviction. You become more confident and communicate better if you are able to relax and have faith in yourself. Loosen up a bit. Be more generous to yourself and less concerned with others.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

Your Maturity number is 19/1

As you mature, you will find yourself needing an increasing amount of independence and individuality. You will fight harder for the recognition and rewards you feel you deserve and will be less willing to accept failure or limitations in any form. Hafeez, your drive and determination will grow as does your ability to take charge.

If there are already several 1s in your chart, especially among the core numbers, you will have to strive to avoid becoming bossy, rigid, stubborn and selfish. A person who allows these characteristics to run free will become bullish and lonely later in life. If there are not many 1s in your chart, the influence of the Maturity Number will help you to establish your independence and success. From this foundation, you will have an active, adventurous, and exciting latter part of life.

PERIOD CYCLES; YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

The Third Cycle starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle is 1 and lasts until age 28

The first part of your life, through your late 20's or early 30's, is a period of much intensity. When the 1 dominates, it requires fortitude, courage, and flexibility. You are forced to use every one of your talents to achieve individuality and independence. This is a period of integration and focusing on your life's dreams.

Your ability to stay the course is repeatedly challenged, but adequate resources become available to assist you. Resilience, independence, and fortitude are required. As you strengthen these characteristics, they

become an integral part of your personality and help you to emerge stronger for it. This cycle marks a time of progress in your development.

SECOND PERIOD CYCLE

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle is 22

Your talents as a builder, organizer, and visionary are at their peak.

You discern the needs of others and create constructive and practical plans to fulfill those needs. You commit yourself entirely to the work at hand. For many, this dream lasts a lifetime and requires every ounce of energy and talent. An all-consuming role beckons but provides a great sense of personal accomplishment and reward. You possess an ability to make a lasting contribution to the well-being of humanity.

This cycle carries enormous potential for establishing a lasting institution or teaching that will greatly benefit others. You have the ability to manifest a concept, dream, or invention.

THIRD PERIOD CYCLE

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle is 3

The latter part of your life finds you "growing older" more slowly than your peers. The excitable, scattered, creative energy of the 3 can resemble an elixir from the fountain of youth. However, there is a tendency to waste time and energy on unproductive projects.

You have many original ideas, but you may have difficulty differentiating between lead balloons and those that can fly. Your 3 energy is uplifting and motivating, which draws people to you. However, staying focused may be a challenge, which could affect your ability to reach your goal.

Your need to express yourself through art, especially the verbal or performing arts increases with age.

PINNACLE CYCLES; YOUR FIRST PINNACLE CYCLE

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how

you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Your First Pinnacle cycle is 5 and runs from birth until approximately age 28

This is a period that will teach the realities of freedom and expansion. You will travel great distances, meet many new and interesting people, experience many adventures, and essentially come to know the world. You are in a period of accelerated experimentation and learning. Experience is your teacher. Your ability with words is greatly increased. You can write and speak with ease. You are also able to successfully promote yourself. In fact, this is the source of much adventure; new opportunities for work, travel, and exotic experiences present themselves with regularity.

Your challenge is to prevent yourself from becoming a rolling stone. You need to ground yourself in a particular discipline, career, or relationship. This will not limit your freedoms so much as give you a base for operation. Otherwise, you may find yourself skipping from one meaningless job to the next, one superficial relationship after another. You can also fall victim to the abuse of food, alcohol, sex, or drugs. You must accept limitations as a necessary base for your freedom. Freedom cannot exist without limitations, otherwise you would be without identity, and without existence.

You may fear being anchored or tied down, which can cause you to skim the surface of a pursuit you enjoy, or important relationships. You must come to know the true meaning of freedom, which is unconditional love. You give your love and energy without the condition of holding on to a place, a person, or an occupation; and you expect the same in return -- to be loved for what you are, rather than someone who belongs to another. There is a highly spiritual path offering itself that requires detachment without loss of love. Many turn away from this and instead choose to maintain a superficial relationship with the world, or with other people.

You must cultivate your talents, especially your verbal and writing abilities. You are likely a gifted salesperson, or promoter.

THE SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle is 7 and runs from age 28 until age 37

This is a period of inner development and soul searching. Hafeez, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along. During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment.

This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms -- reading, self-reflection, and contemplation -- will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge. Your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

THE THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle is 3 and runs from age 37 until age 46

This is a highly creative period. Your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward. This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature. You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past. All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

THE FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Your Fourth Pinnacle cycle is 4 and runs from age 46 until age death.

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your ability as an organizer, manager, or simply the rock of any institution is greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion

projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

PART IV: SPECIFICS ABOUT YOU

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

THE RATIONAL THOUGHT NUMBER

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 1

You are an independent thinker, original, and not easily influenced by others. You tend to pursue a line of thought stubbornly, and you can be dominating in intellectual discussions. You tend to solve problems and plan projects with a straight-forward approach.

You rarely allow yourself to be distracted. Quite often, you realize at some later stage, that you did not pay enough attention to the available alternatives, and a project may find itself stuck with no chance of further advancement. When you find yourself facing such a situation your frustration tends to be considerable but of short duration. You simply start all over. You do not give up easily.

THE BALANCE NUMBER

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 4

Hafeez, try to have perspective and a more lighthearted attitude toward emotionally-charged issues. Control your anger. Discipline is your strength.

Also, look at the larger picture and the need for compromise. Your sense of justice must be elevated to another level where such virtues as forgiveness, compassion, and deep understanding are the guiding lights. A practical approach to these ideals, is to try to put yourself in the shoes of the person with whom you are in conflict. There are always more angles to a problem than you tend to acknowledge.

THE HIDDEN PASSION

Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.

Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.

Your Hidden Passion number is 5

You love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages and are generally good with words. Writing, promotion, and public relations work suit you perfectly. You are resourceful and original. You have a good sense of humor and a quick tongue.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more.

Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. Hafeez, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully.

Commitment in relationships and your work is fundamental to your happiness. You may tend to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

KARMIC LESSONS

Karmic lessons are recognized by the absence of certain letters in your name and describe areas

we are weak in that require recognition and effort to overcome.

The letters in your name point to talents and abilities that you possess; tools that are available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.

You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.

Although you may feel you have learned to overcome one or more of your Karmic Lessons, you will continue to be challenged by them throughout your life.

Your Karmic Lesson is 2

You must learn to be more diplomatic and tactful, to stay in the background when necessary and sometimes to accomplish something without the need to be praised and rewarded. Learn to be part of a team. You must learn to be more sensitive to other peoples' needs and feelings. You will regularly find yourself in a situation where the only road to success is through patience and attention, requiring you to work closely cooperatively with others.

The effects of this Karmic Lesson are diminished if you have at least one 2 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Karmic Lesson is 3

You are highly self-critical. Every time you find yourself at the center of attention, you manage to find something in your performance to be entirely inadequate or embarrassing. You have established an impossible standard of perfection as the only measure of your actions.

You need to lighten up on yourself. Realize that you have within you a critical faculty that must be contained and controlled. Otherwise, it can prevent you from doing what you truly enjoy in life. You're too serious. Be more optimistic and cheerful, enjoy life as it was meant to be and share this joy with others.

Life will put you in situations that require imagination and communication. You will be tested in these areas. You will be forced to face the challenge.

Missing threes will often produce artists, but their success requires much work and perseverance.

The effects of this Karmic Lesson are diminished if you have at least one 3 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Karmic Lesson is 4

You feel confusion about your life's direction. You will have to establish a methodical and disciplined

approach. You need to create a foundation for your life. Otherwise, you will feel lost and tossed about by change. You have trouble finding the work you do best. You tend to be somewhat impractical and disorganized.

You look for the answers to life's problems outside yourself, rather than within. New jobs start off as The Answer, but do not have the same glamour for long. You quickly discover that the new work requires the same effort and perseverance, without the excitement you expected, which may cause you to give up too soon.

Concentration and application need to be strengthened.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Karmic Lesson is 7

You need to deepen your knowledge and talents in a specific discipline. You lack the will or determination to perfect yourself or a specific talent you possess. You must learn to be your own critic, without self-condemnation, in order to bring your abilities to their full development. You will learn not to take things at face value. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your true potential.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Your Karmic Lesson is 9

You must learn to be more compassionate, tolerant, and understanding. You have to learn to identify with the trials of others. There will be times when you will have to sacrifice some egocentric ambition for the good of a particular project or some larger goal.

You must learn to broaden your view of life. You have to see things on a larger scale. You do not realize the enormous potential you have in influencing your own destiny and that of others. Therefore, you hold back your efforts at helping people, or furthering a particular social cause. You have an issue with commitment to community or mankind.

The effects of this Karmic Lesson are diminished if you have at least one 9 among your core numbers (Life Path, Birthday, Expression, Hearts Desire, or Personality Number).
