Relationship Compatibility Profile

HAFEEZ N & HAFEEZ N

ABOUT YOUR RELATIONSHIP PROFILE

This report analyzes the personalities of both individuals to assess their compatibility. It also offers suggestions for ways to mitigate the stress or damage that can come from differing personalities and perspectives.

When you are in a relationship, you come to know each other more deeply over time. At first friction is rare. As time goes by and you discover additional sides to your partner, you become aware of personality traits you appreciate as well as some that rub you the wrong way. Even if you consider your relationship nearly perfect, you will experience occasional bouts of conflict.

Negative traits are almost always a cause of friction, but it is interesting to note that some qualities that are considered positive can also be incompatible. You may find this report is more critical or even harsh compared to other readings of this type. My approach is designed to throw light on differences in your chart that might benefit from a frank, unbiased examination. Ignoring potential issues can cause more damage overall than a few honest remarks in a reading.

You will probably encounter some texts that state: "The compatibility aspect in this area of the chart is already included in other parts of this report." Those texts are not repeated here because they are either redundant or offset by other conditions. This is done to offer a perspective that is as well balanced and clear as possible; repeating certain traits would place too much emphasis on them.

Hafeez and Hafeez, I hope you will appreciate the perspective of your Compatibility Report and will find it beneficial to your relationship.

Please note we use gender-neutral language when addressing individuals in our relationship readings. To some, using the singular "they," "them," and "their" may sound awkward, but we believe words matter. We aspire to include everyone.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Hafeez, your Life Path number is 3

You possess a great talent for creativity and self-expression. Many writers, poets, actors and musicians are born under the 3 Life Path. You are witty, possess a gift for gab, and savor the limelight. Your talent for the expressive arts is so abundant that you may well have felt drawn to becoming an artist while still very young. Your artistic abilities can only be developed, however, through discipline and commitment to the true development of your talent. Commitment, concentration and hard work are the only means of bringing forth your talent.

Thanks to your gift for self-expression, you can be the life of the party, and the center of attention. However, you could easily squander your talent by becoming a social butterfly. Your creativity is the gift that can give you the comfort and luxury you desire, but not without continual focus and discipline. You are optimistic and possess the resilience to overcome many setbacks.

You are socially active, popular, and inspire people with your sunny "happy go lucky" attitude. You can be generous to a fault. Many people born under the 3 Life Path have difficulty handling money because they can be disorganized and not particularly serious about their responsibilities. You are emotional and vulnerable. When hurt, you withdraw into a cloud of silence, eventually emerging from your reticence with jokes and laughter that cover up your true feelings. You can become moody and cynical when depressed. You can succumb to sarcastic remarks, which can be painful to those around you.

When used positively, your talent for self-expression can be a great inspiration force in the world, uplifting others, and bringing much success and happiness to you.

Hafeez, your Life Path number is 4

You are practical, down to earth with strong ideas about right and wrong. You are orderly and organized, systematic and controlled, you are decisive and methodical employing a step by step rational approach to problems solving. Once committed you do not give up easily. You are not one for "get rich quick" schemes. Rather you use hard work and long hours to build a business or career- you seek to establish a solid foundation.

Precise, tenacious and persevering, you have great potential for success, but only after putting out effort and overcoming the limitations you so often encounter. Justice and honesty are sacred to you. You are reliable and dependable, a cornerstone in the community.

Though not an idealist, you are willing to work for a better world in a realistic way. However, you can be rigid in your ideas and sometimes too quick in judging your fellow man. You are loyal to those you love and work well with others. . It is important that while being part of a team you have your own responsibility and well- defined task, you perform better when your responsibilities are not overlapping with those of others. You have to be careful not to be bossy and rude. You possess rare discipline and perseverance and not everyone can keep up with you.

You can handle money carefully and like the security of a nest egg. Your love of work often leads you into a career early in life. Because of your methodical nature you can easily become rigid and stuck in convention. You can also be overly cautious when changes are necessary, this can cause you to miss opportunities that present themselves. You must cultivate flexibility in your character. You are well suited for marriage and often become a responsible loving parent. However, anything that violates your profound sense of order, such as separation or divorce can be a shattering experience for you. You easily become obsessed and even vengeful, seeking your own definition of justice.

You are courageous and a true survivor. You are a builder and the foundation of any enterprise. Your hard work and practical, traditional values pay off to provide you with the rewards you seek and deserve.

HOW YOUR LIFE PATH NUMBERS COMPARE

Your Life Path number is the most important influence in your chart. As such, their compatibility is very important to the well being of your relationship.

Hafeez and Hafeez, your Life Path Compatibility is 3 and 4

This is a very promising as well as an exceedingly difficult combination. Hafeez has an optimistic,

creative, playful, perhaps even childlike nature. They have faith in life, confident that everything will work out in the end; they have a natural, intuitive ability to go with the flow and avoid pitfalls almost effortlessly. Hafeez, on the other hand, is much more grounded and practical, with a hands-on approach to life. They understand that discipline, focus, responsibility, and duty are required for a life of comfort and contentment. From one perspective, these traits create a nicely balanced relationship. But when challenges arise, especially around practical issues, the 3 and 4 combination is one of the least prepared to deal with it.

Hafeez, when problems arise (such as financial concerns, loss of employment, or a costly illness) you may resent Hafeez's relentlessly systematic way of handling things; Hafeez is not the type of person to sit back, and watch things fall apart. And Hafeez will likely question the amount of effort and sacrifice Hafeez is willing to make during a difficult period. Blame can feed resentment and anger which can turn you against each other and keep you from acting together to overcome obstacles.

It is important for you both to recognize and accept the differences in your personalities and perspectives. You will often take a different approach than your partner. This may not be easy because you are both likely to question how your partner could respond so differently to what you believe is the correct and required approach. Hafeez may believe all the effort Hafeez is making is unnecessary or misdirected, perhaps even detrimental to a positive outcome. Hafeez may blame you for not making more of an effort (which may be true).

Hafeez, try to understand that Hafeez needs to take practical steps to feel they have some control over the situation. Hafeez, although it may look like Hafeez is backing away from, or downplaying a problem, try to understand their more indirect approach to dealing with the issue (which could be an effect of trying to make it go away or make it more bearable). Appreciate Hafeez's optimism as they point to the light at the end of the tunnel. Although this may not seem particularly practical, it can motivate both of you when you are just about to give up.

Although your differing perspectives could make things difficult at times, yours is a very promising combination. The key to making it the best relationship it can be lies in combining your individual qualities and not judging one another.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person

you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Hafeez, your Expression is 2

You have a great talent for working with others; you possess tact and refinement. You have a highly developed intuition. This provides you with insight into personalities and situations. Therefore, you act with tact and subtle persuasion. You possess a kind of radar, avoiding the landmines within another's personality, yet bringing out their goodwill. These abilities make you the perfect diplomat. You are a good counselor with an inborn talent for psychology and finely tuned intuition.

Your abilities are better expressed while working with others than by working alone. In the same way, you perform better in a partnership than in a leadership role. You seek balance and peace in all relationships and situations. The key to your personality is sensitivity, but there are two sides to the coin: You are able to perceive the thoughts and emotions of others and can work gently with others for a mutually shared goal. This makes you a great asset in any group endeavor. However, your sensitivity makes you vulnerable. You can be thrown off balance by an unkind word, a conflict, or by hostile conditions at work. You are far more upset by these conditions than people without your sensitivity. While others appear to be enduring troubled times with a modicum of turmoil, you suffer the turbulence of life as if your very survival were at stake.

In difficulties, you tend to persevere and steadily erode the resistance. You are like a gentle wind that shapes the rock.

You are friendly and open-minded. You are a great support person, pulling the best out of those around you. You are the power behind the throne. You are indispensable to the leadership of another, providing insight and advice that is essential. Yet, despite the invaluable service you provide, you often do not get the credit and recognition you deserve, which can be frustrating. Your natural modesty and the enjoyment you get from being an important asset is usually satisfaction enough for you.

Close relationships are essential to your happiness. When single, you dream of finding your "soul mate." When married, you are concerned with your spouse's needs, emotions, and thoughts. You are an outstanding marriage partner, giving, thoughtful, and conscious of meeting the needs of your loved one. You provide great support for your spouse's career. You are a passionate lover.

Parenthood is not an easy role for you, probably because you lack the will to enforce discipline

and need a tranquil, delicate, and harmonious environment.

You are blessed with a high degree of musical talent. You have a good sense of rhythm and harmony.

Hafeez, your Expression is 2

Hafeez, your Expression is also a 2; the same as Hafeez's

HOW YOUR EXPRESSION NUMBERS COMPARE

More than any other number in your chart, your Expression number reflects who you are as a whole person on a deep level (rather than the "face" you show to the world, described by your Personality number).

It cannot be over-emphasized how important it is to recognize that the same number in a different area of your chart will affect you differently. There may be times you read something that seems to directly contradict an earlier statement. Yet, if you take time to carefully think about the opposing information you might recognize that, being the complex individual you are, you carry the same contradictions. This is natural and true for all of us. You may excel at organization in one area of your life, while chaos rules in another. You may be tactful and sensitive in one setting, but direct and confrontational in another.

Be aware that it is more difficult to overcome negative traits you recognize in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

Hafeez and Hafeez, your Expression Compatibility is 2 and 2

This aspect of the chart tells us both of you have a sensitive, vulnerable side. Sometimes this is favorable, but it can prevent issues from being resolved. There may be occasions when you step around issues too carefully, concerned about hurting the other. This can cause issues to fester and erode the foundation of your relationship. Try not to walk away from problems because you do not want to rock the boat. It is almost always better to face them head on. Although your concern about your partner's feelings are sincere, you should both guard against avoiding confrontation altogether.

As two people who experience emotions deeply, you are likely more vulnerable to criticism than

others. This is another contributing factor in your tendency to avoid taking on important issues. If this type of avoidance persists, especially if unresolved issues have festered, you might lash out with a "below-the-belt" criticism, expressing your anger in a way that can be harmful to your relationship. This in turn makes it much more difficult to resolve underlying problems.

We all look for things we have in common, with the hope it will enhance our relationship. But the fact that you both carry a 2 in this area of the chart does not necessarily translate into an advantage. On the positive side, you easily relate to each other's emotional experiences. On the negative, your ability to commiserate can mean you are unable to "talk your partner down" during a highly emotional event.

Hafeez and Hafeez, your numbers suggest you both have the potential to use the occasional trivial lie to circumvent what you perceive as dangerous territory. This is not always a bad thing. However, unless other numbers in your chart support your ability to confront things directly when simple tact and diplomacy are not sufficient, you may end up creating distance without meaning to. Without open communication, you live in separate worlds. If you have the type of relationship where partners live their own life quite happily, this will not be as much of a concern. However, the fact that you are both people of the heart makes that scenario unlikely.

The key to maintaining a healthy relationship when both partners carry a 2 in this part of the chart is to recognize the need for scheduled heart-to-hearts. When an issue arises discuss it openly and frankly; try to avoid impulsive, dramatic discussions. Instead, let your partner know something is bothering you and ask for a good time to discuss it. Create a setting: make a cup of tea, sit in comfortable surroundings, and begin by confirming your love and commitment. Combining respect, care, and direct, honest communication can help you form a deep, long-lasting relationship.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Hafeez, your Personality number is 9

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others. Many actors, dancers, and other performers have a 9 Personality Number.

You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world. Your challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing. You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

Hafeez, your Personality number is 9

Hafeez, your Personality is also a 9; the same as Hafeez's

HOW YOUR PERSONALITY NUMBERS COMPARE

Your Personality is the first aspect people notice when you first meet. Very few relationships have a chance to progress if their Personality numbers are not compatible.

Hafeez and Hafeez, your Personality Compatibility is 9 and 9

Hafeez and Hafeez, this combination often creates a partnership that goes well beyond romance. Both idealists, you are sufficiently focused and have enough clarity of purpose to devote your life

to a single goal, paying little or no attention to the monetary aspects. Contrary to what one might expect, this often results in financial prosperity, although not usually until somewhat later in life.

Most likely, the recognition of your similar outlooks was responsible for the initial attraction between you. Mutually inspiring endless conversations likely helped you feel your dreams were attainable and something you could pursue together. Your bond is strong and should not weaken over time since you thrive on sharing each other's experiences. Your compatibility is powerful and strengthens each of you as individuals. You may find yourselves choosing almost identical careers, perhaps even within the same organization or institution. Each of these similarities makes others see you as an unbreakable couple.

However, some pitfalls may exist, even in this extremely compatible combination. Hafeez and Hafeez, in extreme cases, the number 9 shows a tendency to believe in concepts and ideals to such an extent that it becomes an obsession. Self-righteousness, narrow-minded thinking, and religious fanaticism are common, nor are arrogance, pride, and a superficial confidence. This helps explain the fact that the number 9 is often found among political and religious extremists. Excessive belief in your ideals could also cause problems in your relationship, especially if your concepts differ or you devote 'too much time' to an organization or study your partner does not support. It is important for both of you to remain open to the ideas of others, to respect differing opinions, and to remain humble.

Hafeez and Hafeez, the only real danger in a relationship between 9's found in this part of the chart appears when one or both of you loses the ability for honest self-criticism and self-examination. It is essential to keep in mind that even with idealism, moderation is required - in fact, it is the keyword to safeguarding this otherwise excellent number combination.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

Hafeez, your Maturity number is 9

Your concern for the wellbeing of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly. Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian

service offers you much satisfaction.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future. If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation.

Hafeez, your Maturity number is 1

As you mature, you will find yourself needing an increasing amount of independence and individuality. You will fight harder for the recognition and rewards you feel you deserve and will be less willing to accept failure or limitations in any form. Hafeez, your drive and determination will grow as does your ability to take charge.

If there are already several 1s in your chart, especially among the core numbers, you will have to strive to avoid becoming bossy, rigid, stubborn and selfish. A person who allows these characteristics to run free will become bullish and lonely later in life. If there are not many 1s in your chart, the influence of the Maturity Number will help you to establish your independence and success. From this foundation, you will have an active, adventurous, and exciting latter part of life.

HOW YOUR MATURITY NUMBERS COMPARE

Your Maturity number becomes more dominant with age. The texts below become increasingly important after about age 40.

Hafeez and Hafeez, your Maturity Compatibility is 9 and 1

The numbers 1 and 9 are at opposite ends of the numerology spectrum and are considered somewhat opposing influences. This could translate into an inability to understand one another. In many areas of life, you may be so different that you are unable to relate to your partner's perspective. Although not a necessary component for friendship, shared views on the most important aspects of life are necessary for a successful romantic relationship. This combination has a much better chance of surviving if both of you have the number 2 and/or 6 among your other core numbers.

Both Hafeez and Hafeez are likely a bit egocentric and can be somewhat arrogant at times (at least in this area of your chart). This can create tension in a romantic relationship and will only

work if a certain amount of distance is maintained. To weather your disagreements, you will need to respect each other, give each other room to be your own person, and strive to find common ground.

Ironically, although it presents challenges, this is not a bad combination for most other types of relationships. Friendships, parent-child, and business relationships often work very well in this combination precisely because the numbers stand on opposite ends of the spectrum. They complement and balance each other. Together, they offer a range of talents and useful qualities that enhance most relationships (except romance). Your romantic relationship will require a mutual agreement that gives you both plenty of space, does not expect unconditional support, and does not assume your partner will live the kind of life you feel is right.

Neither of you conform easily to the rules and expectations of society, which is one of the few characteristics you share. However, you probably dress quite differently from each other, have different tastes, and have different ideas about what matters most in life. Often, when the 1 and 9 form a romantic relationship, people seeing them together find it puzzling - together, yet so different from one another. However, while we have all heard opposites attract, they also repel when they get too close.

There are no easy solutions or foolproof guidelines that work here. If you have been together for a long time and your love and commitment are strong, you have weathered your differences and found your way to a loving partnership. If your relationship is recent, focus on your heart and your unconditional love for each other. The best advice I can offer is to accept and respect your partner just the way they are, and do not expect to influence or change them.
