ABOUT YOUR RELATIONSHIP PROFILE

This report analyzes the personalities of both individuals to assess their compatibility. It also offers suggestions for ways to mitigate the stress or damage that can come from differing personalities and perspectives.

When you are in a relationship, you come to know each other more deeply over time. At first friction is rare. As time goes by and you discover additional sides to your partner, you become aware of personality traits you appreciate as well as some that rub you the wrong way. Even if you consider your relationship nearly perfect, you will experience occasional bouts of conflict.

Negative traits are almost always a cause of friction, but it is interesting to note that some qualities that are considered positive can also be incompatible. You may find this report is more critical or even harsh compared to other readings of this type. My approach is designed to throw light on differences in your chart that might benefit from a frank, unbiased examination. Ignoring potential issues can cause more damage overall than a few honest remarks in a reading.

You will probably encounter some texts that state: "The compatibility aspect in this area of the chart is already included in other parts of this report." Those texts are not repeated here because they are either redundant or offset by other conditions. This is done to offer a perspective that is as well balanced and clear as possible; repeating certain traits would place too much emphasis on them.

Hafeez and Test New Profile, I hope you will appreciate the perspective of your Compatibility Report and will find it beneficial to your relationship.

Please note we use gender-neutral language when addressing individuals in our relationship readings. To some, using the singular "they," "them," and "their" may sound awkward, but we believe words matter. We aspire to include everyone.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Hafeez, your Life Path number is 7

You are the searcher and the seeker of the truth. You have a clear and compelling sense of yourself as a spiritual being. As a result, your life path is devoted to investigations into the unknown and finding the answers to the mysteries of life. You are well-equipped to handle your task. You possess a fine mind; you are an analytical thinker, capable of great concentration and theoretical insight. You enjoy research and putting the pieces of an intellectual puzzle together. Once you have enough pieces in place, you are capable of highly creative insight and practical solutions to problems.

You enjoy your solitude and prefer to work alone. You need time to contemplate your ideas without the intrusion of other people's thoughts. You are a lone wolf, a person who lives by his own ideas and methods. As a result, close associations are difficult for you to form and keep, especially marriage. You need your space and privacy, which, when violated, can cause you great frustration and irritation.

When your life is balanced, however, you are both charming and attractive. You can be the life of a party and enjoy performing before an audience. You enjoy displaying your wit and knowledge, which makes you attractive to others, especially the opposite sex. But you have distinct limits. While you are generous in social situations, sharing your attention and energy freely, you are keenly aware of the need to "come off stage" and return to the solitude of your lair. You associate peace with the unobtrusive privacy of your world. Therefore, intimacy is difficult for you, because you guard your inner world like a mother lion does her cubs.

All this privacy and aloneness can cause isolation and loneliness, however. You can be aware of emptiness in your life, a part of you that yearns for company and close companionship that may be unsatisfied. If isolation is brought to the extreme, you can become cynical and suspicious. You can develop hidden, selfish motives, which people may sense and may cause them discomfort around you.

You must guard against becoming too withdrawn and independent, thus shutting out the love of

others and keeping you from experiencing the true joy of friendship and close companionship.

You must especially watch out for selfishness and egocentricity, thinking of yourself as the center of the universe, the only person who really matters. Social contact gives perspective on yourself and on life, while too much isolation can make you too narrow and even shut off from the rest of the world. Secretly, you may feel jealous of the easy relationships formed by others; you may perceive others as less inhibited than you, or freer to express themselves. You may harshly criticize yourself for not being more gregarious, powerful, or capable of greater leadership.

Your challenge in life is to maintain your independence without feeling isolated or ineffectual. You must hold fast to your unique view on the world, while at the same time being open to others and the knowledge they have to offer. With your abilities to learn, analyze, seek out answers to life's important questions, you have the potential for enormous growth and success in life. By the time you reach middle age, you will radiate refinement and wisdom.

Pythagoras loved the seven for its great spiritual potential.

Test New Profile, your Life Path number is 7

Test New Profile, your Life Path is also a 7; the same as Hafeez's

HOW YOUR LIFE PATH NUMBERS COMPARE

Your Life Path number is the most important influence in your chart. As such, their compatibility is very important to the well being of your relationship.

Hafeez and Test New Profile, your Life Path Compatibility is 7 and 7

Hafeez and Test New Profile, yours is a beautiful combination, with enormous potential for spiritual growth. You both appreciate life and life's mysteries deeply. You have a strong intellectual and spiritual bond and thrive on each other's intellect and wisdom.

The relationship between the 7 and 7 may begin in the heart, but it quickly moves to the inner realms. The term "soul mates" applies to couples that share the 7 in this part of the chart. Poets at heart - even if you have never written a poem in your life - you intuitively recognize that your bond with each other is "spiritual" in nature and more valuable than anything else in your lives. You grow together, without the need to constantly be together. You probably communicate in half sentences

and often find yourself thinking or expressing the same thing your partner just said.

If your relationship is moving toward maturity, you are likely to be "joined at the hip." That said, there are also things to watch for to avoid spoiling such a beautiful relationship. No other number can, at times, become as stubborn and unforgiving (even in small matters). In extreme cases, the 7 can become small-minded, even neurotic. While rare, a tendency to allow a minor issue to become a major disagreement does exist. What is interesting is, critical issues rarely cause the same reaction; the 7 is too intelligent to be petty. But the same person who can lead a study group with insight and the ability to communicate even the most arcane concepts, can turn into a hair splitter when it comes to seemingly minor household issues.

Hafeez and Test New Profile, there is one issue you should be particularly aware of, as it has the potential to destroy this otherwise excellent combination. You both enjoy a highly imaginative inner life. Therefore, you need time alone for study, contemplation, or just to let your mind wander. When your living space is too small, or you lead hectic lives continually surrounded by others (even each other) your need for quiet personal space will begin to take precedence over everything else. It is common for people with a 7 in this part of the chart to leave a promising career, relationship, or family due to this inner need.

It is important that you both find a way to honor this and create an environment where you can have time alone. If you become aware of underlying tension building, talk to your partner, and discuss solutions. Recognize your common need to share your life and ideas while maintaining your individuality and need for personal time.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Hafeez, your Expression is 2

You have a great talent for working with others; you possess tact and refinement. You have a highly developed intuition. This provides you with insight into personalities and situations. Therefore, you act with tact and subtle persuasion. You possess a kind of radar, avoiding the landmines within another's personality, yet bringing out their goodwill. These abilities make you the perfect diplomat. You are a good counselor with an inborn talent for psychology and finely tuned intuition.

Your abilities are better expressed while working with others than by working alone. In the same way, you perform better in a partnership than in a leadership role. You seek balance and peace in all relationships and situations. The key to your personality is sensitivity, but there are two sides to the coin: You are able to perceive the thoughts and emotions of others and can work gently with others for a mutually shared goal. This makes you a great asset in any group endeavor. However, your sensitivity makes you vulnerable. You can be thrown off balance by an unkind word, a conflict, or by hostile conditions at work. You are far more upset by these conditions than people without your sensitivity. While others appear to be enduring troubled times with a modicum of turmoil, you suffer the turbulence of life as if your very survival were at stake.

In difficulties, you tend to persevere and steadily erode the resistance. You are like a gentle wind that shapes the rock.

You are friendly and open-minded. You are a great support person, pulling the best out of those around you. You are the power behind the throne. You are indispensable to the leadership of another, providing insight and advice that is essential. Yet, despite the invaluable service you provide, you often do not get the credit and recognition you deserve, which can be frustrating. Your natural modesty and the enjoyment you get from being an important asset is usually satisfaction enough for you.

Close relationships are essential to your happiness. When single, you dream of finding your "soul mate." When married, you are concerned with your spouse's needs, emotions, and thoughts. You are an outstanding marriage partner, giving, thoughtful, and conscious of meeting the needs of your loved one. You provide great support for your spouse's career. You are a passionate lover.

Parenthood is not an easy role for you, probably because you lack the will to enforce discipline and need a tranquil, delicate, and harmonious environment.

You are blessed with a high degree of musical talent. You have a good sense of rhythm and harmony.

Test New Profile, your Expression is 5

You are a free spirit. You love change, adventure, and excitement. You love your freedom. Like a bird that needs its wings to live, you cannot exist without it. Freedom is the nucleus around which your life revolves. You need it for your very survival. By using freedom properly, you are able to explore and develop all of your varied talents. You will meet many types of people and travel great distances.

Freedom is the atmosphere necessary for you to bring forth your many talents.

You are capable of doing almost anything, and probably quite well. Only by avoiding the imprisonment of illusory security are you able to bring forth your abilities.

You are unusually adaptable. In fact, change is a blessing for you. In the same way, you need challenge and variety. You hate the routine of life; being stuck is a catastrophe for you. You become miserable when you are held back or held down. The taste and texture and color of life have an overpowering allure for you. From childhood, you dream of seeing foreign lands, experiencing the sensual and the exotic. You want to try everything at least once in life. All of life is a playground for your senses.

But this can get you into trouble. You may fail to respect your natural limits, either biologically or socially. Any boundary is anathema to you, which can blind you to your natural limits, and may cause you to overindulge your desire for food, sweets, alcohol, sex, and drugs.

You are gifted in your ability to communicate. Your facility with words is almost limitless. You can be a salesman, politician, lawyer, public relations person, and minister. You also possess the talent to share and advance new ideas. You are talented with your hands. You love the new and untried. Your field is the frontier. You are a bit of a gambler and often play for very high stakes. All of this combines to give you a youthful enthusiasm, which others find infectious and attractive. You like to work with others but need to perform your task unencumbered by the restraints of others.

You are a clever and a quick thinker, but your thought processes -- like your life in general -- can be unorganized and scattered. You must stay grounded and focused if you want to be successful.

You fall in and out of love frequently, especially early in life. You are naturally sensual and commonly have a strong sex drive. These characteristics usually make for a lively and exciting love life, but you must guard against shallow feelings and relationships. Your challenge is to develop mature and lasting relationships. Self-discipline and setting healthy limits are the key to your success in virtually every area of your life.

Ironically, you will find that as you learn to set appropriate limits on yourself, you develop more self-mastery and realize even greater freedom. This is especially true when it comes to finishing what

you start. Your tendency is to give up once you've got a project or job under control; you grow bored quickly. You start to fantasize about a new challenge, or the rewards of your great accomplishment, long before the work is finished.

The 5 Expression desires the whole world. You are aware that you have many talents that can bring much success. But that success depends on your willingness to choose certain areas to concentrate on, and to bring them to perfection.

HOW YOUR EXPRESSION NUMBERS COMPARE

More than any other number in your chart, your Expression number reflects who you are as a whole person on a deep level (rather than the "face" you show to the world, described by your Personality number).

It cannot be over-emphasized how important it is to recognize that the same number in a different area of your chart will affect you differently. There may be times you read something that seems to directly contradict an earlier statement. Yet, if you take time to carefully think about the opposing information you might recognize that, being the complex individual you are, you carry the same contradictions. This is natural and true for all of us. You may excel at organization in one area of your life, while chaos rules in another. You may be tactful and sensitive in one setting, but direct and confrontational in another.

Be aware that it is more difficult to overcome negative traits you recognize in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

Hafeez and Test New Profile, your Expression Compatibility is 2 and 5

Hafeez and Test New Profile, this aspect of your chart requires special attention. When a 2 and 5 are in the same area of this chart, they have the potential to produce a short-lived relationship. The main issue stems from the difficulty you have understanding each other. In some cases, the differences are so extreme couples end up not even liking each other. But the simple fact that you are sustaining a relationship today indicates other numbers are making up for the potential discord that can occur.

It is important to emphasize that the 2 and 5 are only unharmonious when they are found in the same location of the chart; negative aspects dissipate when the 2 is in one area of the chart and the 5 in another. For example, a 2 Life Path can be quite harmonious with a 5 Heart's Desire. That said, let us concentrate on identifying the core issue and finding ways to deflect it. To do that, let us think of Hafeez (the 2) as water and Test New Profile (the 5) as fire. In a controlled

environment, they can be used to mutual benefit. But when they occupy the same space, only one will prevail. The lesson here is simple; do not get in each other's way.

Yours can be a strong, lifelong relationship if you accept each other as you are. You will need to willingly accept your differences and understand the need to live somewhat independent lives. Focus on the things you have in common and give each other plenty of room in areas of contention. Do your best to understand your partner, but do not expect to fully grasp their way of thinking.

Keep in mind that these descriptions relate to this specific aspect of the chart; it is likely you fit well together in other areas. Hafeez understands and gravitates toward the world of emotions, feelings, and intuition. They are concerned with contentment, happiness, and how one "feels" rather the accomplishments of a given day. Test New Profile is more concerned with dynamic action, impulse, and risky adventure; they thrives on energy, motion, change, and excitement. Test New Profile is not likely to slow down just because someone might be uncomfortable with the turmoil they generate.

Remember, this aspect of the chart can be largely offset if you maintain a little separation in your lives and lessen expectations that your partner should enjoy the same things you do. This combination advises you to form a relationship of caring and sharing like that found in a communal setting, rather than one where everything is artificially merged and experienced together.

THE HEART'S DESIRE

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.

You might say that it is in the flow of your breath that you express your deeper self.

Hafeez, your Heart's Desire number is 2

You want peace and harmony in all aspects of your life. You want to devote your life to someone or something. You fall in love easily. You are extremely sensitive and emotional. You can be sentimental, and you cry at sad stories. You need friends and society. You appreciate the refinements of life. You desire comfort and security. You have refined taste and can be a connoisseur. You love music and possess a good deal of musical talent. Your sensitivity is a symptom of your highly developed intuition. But you must learn to trust it.

You are a gentle soul and shy away from confrontation if possible. You experience a battle within when you do not believe you can handle a situation; this may have a paralyzing effect on you. You prefer to give in when you should assert yourself. You must learn to be more decisive. Very often, you are afraid to use your own power in the face of someone else's aggressiveness. You incorrectly perceive yourself to be in a weaker position; you may ultimately give in merely to avoid a fight. Conversely, you are extremely diplomatic and tactful. You like to accomplish things through quiet persuasion. You dislike force.

You must fight uncertainty and doubt. You need to develop confidence and a willingness to stand up for what you believe to be right.

You function best in a supportive role, guiding the more public person in quiet, unobtrusive, yet essential ways.

Test New Profile, your Heart's Desire number is 6

Your attention is directed to helping and caring for those you love. You are exceedingly domestic. You love your home and family and work hard to make both comfortable and secure. Your love for family and friends is a major source of your happiness and sometimes unhappiness. Your desire to help others is so strong that you often find yourself sacrificing your own personal needs for someone else's. You can overdo it, becoming too deeply involved in other people's lives. You risk interfering in personal matters and or smothering those you love in too much affection. This can be especially weakening to children, who never experience their own personal strength if an adult is too protective.

You are extremely loyal and rarely let anyone down. You need to feel appreciation for your giving and caring. You want to know that you are needed. You are generous and very forgiving. You are somehow able to overlook the worst mistakes in another and find enough good in that person to continue the relationship. You are patient, warm, and sympathetic, sometimes to the point of sentimentality.

You have a natural ability as a counselor and healer. You are an excellent listener, compassionate and understanding. You can both sympathize and empathize with a person's dilemma. Your challenge as a counselor is to be adequately educated so that you can do more than provide a sympathetic ear or shoulder.

You possess a great deal of artistic talent, though you may not have a lot of confidence in your ability. Art gives you a great deal of pleasure and satisfaction. You are especially sensitive to your environment and have a knack for creating an artistic, healing, and harmonious atmosphere in your home or work space.

Your deepest intention is to love those around you and be loved in return. Six is the most loving of all numbers, especially in one-to-one relationships. Your instincts are toward your family and friends. You envision a beautiful and harmonious life with love as the basis for all social interaction. Your love is returned manifold; people appreciate you and the love you give and are willing to go to great lengths to keep you close at hand.

HOW YOUR HEART'S DESIRE NUMBERS COMPARE

Compatibility of the Heart's Desire number is very important in a relationship. Few relationships last beyond the initial stage if these numbers are not harmonious.

Hafeez and Test New Profile, your Heart's Desire Compatibility is 2 and 6

Your numbers, 2 (Hafeez) and 6 (Test New Profile), are considered the most loving numbers of all. However, they express their love in different ways. Hafeez, having a 2 in this part of the chart reveals your sensitivity, emotional awareness (of yourself and others) and your ability to read the subtle and often hidden motives in others. Test New Profile, the 6 points to your powerful urge to comfort, care for, and protect others. In fact, one of the few traits a 6 must guard against is not smothering others with love.

This combination forms a strong foundation for any relationship, but particularly for romance.

You both love easily and without reservation and neither of you are afraid to reveal your feelings. However, it is only in the strength of your love and your need to give that these numbers overlap. In many other respects you are quite different, and sometimes even opposites. Hafeez, your love focuses on emotions; it is driven by the need for companionship, security, and comfort. You are intuitively aware of the fragile nature of life and may tend to be a little needy and perhaps insecure. This has the potential to produce jealousy about Test New Profile's friends or business associates. Test New Profile, on the other hand, can be oblivious to the subtle signs that something is brewing

under Hafeez's quiet demeanor. Test New Profile is less likely to feel insecure in the relationship and does not consider spending time with others a sign Hafeez is less committed.

Although Test New Profile is not particularly afraid of romantic competition, their weak spots also show up in this relationship. Where Hafeez requires attention and emotional support to feel secure, Test New Profile tends to spread attention around looking for approval and appreciation from others. Although sincere, Test New Profile may reach out to care and comfort others to fill a space that cannot be filled, sometimes forgetting to focus on what (or who) is most important.

Most likely, neither of these issues will seriously threaten your relationship; you are highly compatible (more than most number combinations). Being aware of, talking about, and respecting your differences can help you form a rewarding, long-lasting relationship.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Hafeez, your Personality number is 9

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others. Many actors, dancers, and other performers have a 9 Personality Number.

You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world. Your challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving

the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing. You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

Test New Profile, your Personality number is 8

You appear strong and powerful. You have an impressive personality and can influence and even intimidate through sheer force. You have natural authority. Your competence and enthusiasm attract people with resources. You radiate confidence. People defer to you because they sense your sureness and effectiveness. You also exude a kind of controlled benevolence. People sense that you are generous, once you are convinced of the worthiness of the cause.

It is important for you to dress well. You radiate a kind of raw power and able-ness which needs to be refined and enhanced by your clothing. You may even dress a bit flashy, but that will not harm you. Quality is among your highest priorities and should reflect in your clothing. Although most eights have a strong constitution, they can be prone to indigestion, ulcers, and heart disease due to their reckless eating and drinking habits and their propensity to be workaholics.

Your Achilles heel is your capacity for an egocentric attitude. The negative side of your personality can cause you to be ruthless, greedy, and intensely lonely. Conversely, you can be spontaneous and excited. You are essentially warm and jovial. In your heart of hearts, you want everyone to be as excited and as happy as you. Those who are around you often sense this. Your coworkers and employees usually like you.

HOW YOUR PERSONALITY NUMBERS COMPARE

Your Personality is the first aspect people notice when you first meet. Very few relationships have a chance to progress if their Personality numbers are not compatible.

Hafeez and Test New Profile, your Personality Compatibility is 9 and 8

Hafeez and Test New Profile, this part of the chart reveals two numbers at opposite ends of the

spectrum. The 8 and 9 have almost nothing in common and are not considered compatible, yet they are often strongly attracted to each other. Interestingly, this attraction can remain compelling and fresh for many years because there is always something new to discover in each other.

A go-getter with big dreams and expectations, Test New Profile (the 8) has a good chance to turn many of those dreams into reality because they are highly motivated and willing to put forth enormous effort to reach a goal. It is the nature of the 8 to direct energy toward accumulating wealth and power, so for Test New Profile, this is natural and healthy.

Hafeez is equally focused but driven by completely different priorities and motives. The 9 in their chart is motivated by the work itself and the way it affects the lives of others, rather than financial gain or material success. The 9 will rarely find happiness or achieve success if motivated by worldly desires; Hafeez finds personal reward when driven by humanitarian motives.

Obviously, your priorities are as different as night and day, yet both are as they should be. You will often find yourselves at opposite sides of a discussion and will rarely agree when it comes to practical matters. For a happy relationship, you will both need to recognize and respect your differences. If you take each other for granted or begin to feel you can predict and control your partner, your relationship will be in trouble. The keyword in this relationship is respect. If you respect each other, disagreements - of which there will probably be many - will not weaken your foundation.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

Hafeez, your Maturity number is 9

Your concern for the wellbeing of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly. Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a

benefactor.

If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future. If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation.

Test New Profile, your Maturity number is 3

As you mature, you will find yourself becoming increasingly extroverted and optimistic about your future. Your self-expression and creativity improve markedly. You may become inspired to take up some type of artistic endeavor, such as writing, acting, or music, if you are not already involved in one of these areas.

Your ability to communicate will substantially improve. You are naturally more fluent and may find yourself dressing with a certain flair. Be careful not to fall victim to superficial appearances or chasing after glamour and extravagance.

With a 3 Maturity Number you can look forward to a pleasant and social latter part of life. Your attitude will be increasingly positive, and your popularity will rise.

If you already have several 3s in your chart, especially in your core numbers, you may tend to scatter your energies and take your responsibilities less seriously. If you have few 3s, or are missing 3s entirely, you will experience a great relief from the tension and seriousness of life. You will be more relaxed and capable of enjoying life.

The 3 Maturity Number is a blessing in the latter part of life. It promises enjoyment, close friendships, and much happiness.

HOW YOUR MATURITY NUMBERS COMPARE

Your Maturity number becomes more dominant with age. The texts below become increasingly important after about age 40.

Hafeez and Test New Profile, your Maturity Compatibility is 9 and 3

Hafeez and Test New Profile, this aspect of the chart reflects excellent compatibility. The 3 and the 9 have the potential to form a strong bond, one that lasts for an exceptionally long time - if not forever. They represent archetypes that are almost mythical in their romantic alliance. Many stories of patience and self-sacrifice could be told about this union. What makes this so surprising is the fact that your compatibility is possible even though both numbers are considered self-

centered, even egocentric at times.

Your numbers indicate you both have powerful imaginations and intense inner lives. This makes you highly creative, albeit in vastly different ways. Test New Profile (the 3) has a unique, somewhat offbeat originality, and is comfortable with life's unexpected turns and events. Hafeez likes to manipulate the environment until everything is harmonious; they have the talent to combine colors and materials to create beauty in a disciplined manner. Test New Profile appreciates the way Hafeez seems to control events and surroundings and Hafeez envies the easy manner that Test New Profile accepts and takes advantage of whatever life serves up. This brings balance to your relationship.

Test New Profile, your 3 in this part of the chart is often compared to the sun: you are warm, inspiring, and uplifting to all. Hafeez, your number 9 is the most idealistic and self-sacrificing number. Like the 3, it offers love freely and generously - although the 9 tends to focus on humanitarian concerns. Both are loving, giving, and worldly numbers (who never forget they are at the center of whatever they offer).

Vying for the same limelight could create conflict - a little like politicians in an election run-off. Even if, privately, they respect and like one another, they compete for attention (even slinging mud if they feel it is justified). Fortunately, this is pretty much the only area where the 3 and 9 combination might encounter problems. Avoid competition and invest in the caring, romantic, life-long unity that (otherwise) comes naturally to both of you.
