## **ABOUT YOUR RELATIONSHIP PROFILE**

*This report analyzes the personalities of both individuals to assess their compatibility. It also offers suggestions for ways to mitigate the stress or damage that can come from differing personalities and perspectives.*

*When you are in a relationship, you come to know each other more deeply over time. At first friction is rare. As time goes by and you discover additional sides to your partner, you become aware of personality traits you appreciate as well as some that rub you the wrong way. Even if you consider your relationship nearly perfect, you will experience occasional bouts of conflict.*

*Negative traits are almost always a cause of friction, but it is interesting to note that some qualities that are considered positive can also be incompatible. You may find this report is more critical or even harsh compared to other readings of this type. My approach is designed to throw light on differences in your chart that might benefit from a frank, unbiased examination. Ignoring potential issues can cause more damage overall than a few honest remarks in a reading.*

*You will probably encounter some texts that state: "The compatibility aspect in this area of the chart is already included in other parts of this report." Those texts are not repeated here because they are either redundant or offset by other conditions. This is done to offer a perspective that is as well balanced and clear as possible; repeating certain traits would place too much emphasis on them.*

*Hafeez and Hafeez, I hope you will appreciate the perspective of your Compatibility Report and will find it beneficial to your relationship.*

*Please note we use gender-neutral language when addressing individuals in our relationship readings. To some, using the singular "they," "them," and "their" may sound awkward, but we believe words matter. We aspire to include everyone.*

## THE LIFE PATH

*Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.*

### **Hafeez, your Life Path number is 7**

You are the searcher and the seeker of the truth. You have a clear and compelling sense of yourself as a spiritual being. As a result, your life path is devoted to investigations into the unknown and finding the answers to the mysteries of life. You are well-equipped to handle your task. You possess a fine mind; you are an analytical thinker, capable of great concentration and theoretical insight. You enjoy research and putting the pieces of an intellectual puzzle together. Once you have enough pieces in place, you are capable of highly creative insight and practical solutions to problems.

You enjoy your solitude and prefer to work alone. You need time to contemplate your ideas without the intrusion of other people's thoughts. You are a lone wolf, a person who lives by his own ideas and methods. As a result, close associations are difficult for you to form and keep, especially marriage. You need your space and privacy, which, when violated, can cause you great frustration and irritation.

When your life is balanced, however, you are both charming and attractive. You can be the life of a party and enjoy performing before an audience. You enjoy displaying your wit and knowledge, which makes you attractive to others, especially the opposite sex. But you have distinct limits. While you are generous in social situations, sharing your attention and energy freely, you are keenly aware of the need to "come off stage" and return to the solitude of your lair. You associate peace with the unobtrusive privacy of your world. Therefore, intimacy is difficult for you, because you guard your inner world like a mother lion does her cubs.

All this privacy and aloneness can cause isolation and loneliness, however. You can be aware of emptiness in your life, a part of you that yearns for company and close companionship that may be unsatisfied. If isolation is brought to the extreme, you can become cynical and suspicious. You can develop hidden, selfish motives, which people may sense and may cause them discomfort around you.

You must guard against becoming too withdrawn and independent, thus shutting out the love of

others and keeping you from experiencing the true joy of friendship and close companionship.

You must especially watch out for selfishness and egocentricity, thinking of yourself as the center of the universe, the only person who really matters. Social contact gives perspective on yourself and on life, while too much isolation can make you too narrow and even shut off from the rest of the world. Secretly, you may feel jealous of the easy relationships formed by others; you may perceive others as less inhibited than you, or freer to express themselves. You may harshly criticize yourself for not being more gregarious, powerful, or capable of greater leadership.

Your challenge in life is to maintain your independence without feeling isolated or ineffectual. You must hold fast to your unique view on the world, while at the same time being open to others and the knowledge they have to offer. With your abilities to learn, analyze, seek out answers to life's important questions, you have the potential for enormous growth and success in life. By the time you reach middle age, you will radiate refinement and wisdom.

Pythagoras loved the seven for its great spiritual potential.

### **Hafeez, your Life Path number is 7**

Hafeez, your Life Path is also a 7; the same as Hafeez's

## **HOW YOUR LIFE PATH NUMBERS COMPARE**

*Your Life Path number is the most important influence in your chart. As such, their compatibility is very important to the well being of your relationship.*

### **Hafeez and Hafeez, your Life Path Compatibility is 7 and 7**

Hafeez and Hafeez, yours is a beautiful combination, with enormous potential for spiritual growth. You both appreciate life and life's mysteries deeply. You have a strong intellectual and spiritual bond and thrive on each other's intellect and wisdom.

The relationship between the 7 and 7 may begin in the heart, but it quickly moves to the inner realms. The term "soul mates" applies to couples that share the 7 in this part of the chart. Poets at heart - even if you have never written a poem in your life - you intuitively recognize that your bond with each other is "spiritual" in nature and more valuable than anything else in your lives. You grow together, without the need to constantly be together. You probably communicate in half sentences

and often find yourself thinking or expressing the same thing your partner just said.

If your relationship is moving toward maturity, you are likely to be "joined at the hip." That said, there are also things to watch for to avoid spoiling such a beautiful relationship. No other number can, at times, become as stubborn and unforgiving (even in small matters). In extreme cases, the 7 can become small-minded, even neurotic. While rare, a tendency to allow a minor issue to become a major disagreement does exist. What is interesting is, critical issues rarely cause the same reaction; the 7 is too intelligent to be petty. But the same person who can lead a study group with insight and the ability to communicate even the most arcane concepts, can turn into a hair splitter when it comes to seemingly minor household issues.

Hafeez and Hafeez, there is one issue you should be particularly aware of, as it has the potential to destroy this otherwise excellent combination. You both enjoy a highly imaginative inner life. Therefore, you need time alone for study, contemplation, or just to let your mind wander. When your living space is too small, or you lead hectic lives continually surrounded by others (even each other) your need for quiet personal space will begin to take precedence over everything else. It is common for people with a 7 in this part of the chart to leave a promising career, relationship, or family due to this inner need.

It is important that you both find a way to honor this and create an environment where you can have time alone. If you become aware of underlying tension building, talk to your partner, and discuss solutions. Recognize your common need to share your life and ideas while maintaining your individuality and need for personal time.

## **THE EXPRESSION**

*Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.*

*Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.*

### **Hafeez, your Expression is 2**

You have a great talent for working with others; you possess tact and refinement. You have a highly developed intuition. This provides you with insight into personalities and situations. Therefore, you act with tact and subtle persuasion. You possess a kind of radar, avoiding the landmines within another's personality, yet bringing out their goodwill. These abilities make you the perfect diplomat. You are a good counselor with an inborn talent for psychology and finely tuned intuition.

Your abilities are better expressed while working with others than by working alone. In the same way, you perform better in a partnership than in a leadership role. You seek balance and peace in all relationships and situations. The key to your personality is sensitivity, but there are two sides to the coin: You are able to perceive the thoughts and emotions of others and can work gently with others for a mutually shared goal. This makes you a great asset in any group endeavor. However, your sensitivity makes you vulnerable. You can be thrown off balance by an unkind word, a conflict, or by hostile conditions at work. You are far more upset by these conditions than people without your sensitivity. While others appear to be enduring troubled times with a modicum of turmoil, you suffer the turbulence of life as if your very survival were at stake.

In difficulties, you tend to persevere and steadily erode the resistance. You are like a gentle wind that shapes the rock.

You are friendly and open-minded. You are a great support person, pulling the best out of those around you. You are the power behind the throne. You are indispensable to the leadership of another, providing insight and advice that is essential. Yet, despite the invaluable service you provide, you often do not get the credit and recognition you deserve, which can be frustrating. Your natural modesty and the enjoyment you get from being an important asset is usually satisfaction enough for you.

Close relationships are essential to your happiness. When single, you dream of finding your "soul mate." When married, you are concerned with your spouse's needs, emotions, and thoughts. You are an outstanding marriage partner, giving, thoughtful, and conscious of meeting the needs of your loved one. You provide great support for your spouse's career. You are a passionate lover.

Parenthood is not an easy role for you, probably because you lack the will to enforce discipline and need a tranquil, delicate, and harmonious environment.

You are blessed with a high degree of musical talent. You have a good sense of rhythm and harmony.

**Hafeez, your Expression is 5**

You are a free spirit. You love change, adventure, and excitement. You love your freedom. Like a bird that needs its wings to live, you cannot exist without it. Freedom is the nucleus around which your life revolves. You need it for your very survival. By using freedom properly, you are able to explore and develop all of your varied talents. You will meet many types of people and travel great distances.

Freedom is the atmosphere necessary for you to bring forth your many talents.

You are capable of doing almost anything, and probably quite well. Only by avoiding the imprisonment of illusory security are you able to bring forth your abilities.

You are unusually adaptable. In fact, change is a blessing for you. In the same way, you need challenge and variety. You hate the routine of life; being stuck is a catastrophe for you. You become miserable when you are held back or held down. The taste and texture and color of life have an overpowering allure for you. From childhood, you dream of seeing foreign lands, experiencing the sensual and the exotic. You want to try everything at least once in life. All of life is a playground for your senses.

But this can get you into trouble. You may fail to respect your natural limits, either biologically or socially. Any boundary is anathema to you, which can blind you to your natural limits, and may cause you to overindulge your desire for food, sweets, alcohol, sex, and drugs.

You are gifted in your ability to communicate. Your facility with words is almost limitless. You can be a salesman, politician, lawyer, public relations person, and minister. You also possess the talent to share and advance new ideas. You are talented with your hands. You love the new and untried. Your field is the frontier. You are a bit of a gambler and often play for very high stakes. All of this combines to give you a youthful enthusiasm, which others find infectious and attractive. You like to work with others but need to perform your task unencumbered by the restraints of others.

You are a clever and a quick thinker, but your thought processes -- like your life in general -- can be unorganized and scattered. You must stay grounded and focused if you want to be successful.

You fall in and out of love frequently, especially early in life. You are naturally sensual and commonly have a strong sex drive. These characteristics usually make for a lively and exciting love life, but you must guard against shallow feelings and relationships. Your challenge is to develop mature and lasting relationships. Self-discipline and setting healthy limits are the key to your success in virtually every area of your life.

Ironically, you will find that as you learn to set appropriate limits on yourself, you develop more self-mastery and realize even greater freedom. This is especially true when it comes to finishing what

you start. Your tendency is to give up once you've got a project or job under control; you grow bored quickly. You start to fantasize about a new challenge, or the rewards of your great accomplishment, long before the work is finished.

The 5 Expression desires the whole world. You are aware that you have many talents that can bring much success. But that success depends on your willingness to choose certain areas to concentrate on, and to bring them to perfection.

## **HOW YOUR EXPRESSION NUMBERS COMPARE**

*More than any other number in your chart, your Expression number reflects who you are as a whole person on a deep level (rather than the "face" you show to the world, described by your Personality number).*

*It cannot be over-emphasized how important it is to recognize that the same number in a different area of your chart will affect you differently. There may be times you read something that seems to directly contradict an earlier statement. Yet, if you take time to carefully think about the opposing information you might recognize that, being the complex individual you are, you carry the same contradictions. This is natural and true for all of us. You may excel at organization in one area of your life, while chaos rules in another. You may be tactful and sensitive in one setting, but direct and confrontational in another.*

*Be aware that it is more difficult to overcome negative traits you recognize in yourself when they are found in this part of the chart, than when they are found under the Life Path description.*

### **Hafeez and Hafeez, your Expression Compatibility is 2 and 5**

Hafeez and Hafeez, this aspect of your chart requires special attention. When a 2 and 5 are in the same area of this chart, they have the potential to produce a short-lived relationship. The main issue stems from the difficulty you have understanding each other. In some cases, the differences are so extreme couples end up not even liking each other. But the simple fact that you are sustaining a relationship today indicates other numbers are making up for the potential discord that can occur.

It is important to emphasize that the 2 and 5 are only unharmonious when they are found in the same location of the chart; negative aspects dissipate when the 2 is in one area of the chart and the 5 in another. For example, a 2 Life Path can be quite harmonious with a 5 Heart's Desire. That said, let us concentrate on identifying the core issue and finding ways to deflect it. To do that, let us think of Hafeez (the 2) as water and Hafeez (the 5) as fire. In a controlled environment, they

can be used to mutual benefit. But when they occupy the same space, only one will prevail. The lesson here is simple; do not get in each other's way.

Yours can be a strong, lifelong relationship if you accept each other as you are. You will need to willingly accept your differences and understand the need to live somewhat independent lives. Focus on the things you have in common and give each other plenty of room in areas of contention. Do your best to understand your partner, but do not expect to fully grasp their way of thinking.

Keep in mind that these descriptions relate to this specific aspect of the chart; it is likely you fit well together in other areas. Hafeez understands and gravitates toward the world of emotions, feelings, and intuition. They are concerned with contentment, happiness, and how one "feels" rather the accomplishments of a given day. Hafeez is more concerned with dynamic action, impulse, and risky adventure; they thrives on energy, motion, change, and excitement. Hafeez is not likely to slow down just because someone might be uncomfortable with the turmoil they generate.

Remember, this aspect of the chart can be largely offset if you maintain a little separation in your lives and lessen expectations that your partner should enjoy the same things you do. This combination advises you to form a relationship of caring and sharing like that found in a communal setting, rather than one where everything is artificially merged and experienced together.

## THE HEART'S DESIRE

*The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.*

*It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.*

*You might say that it is in the flow of your breath that you express your deeper self.*

**Hafeez, your Heart's Desire number is 2**

You want peace and harmony in all aspects of your life. You want to devote your life to someone or something. You fall in love easily. You are extremely sensitive and emotional. You can be sentimental, and you cry at sad stories. You need friends and society. You appreciate the refinements of life. You desire comfort and security. You have refined taste and can be a connoisseur. You love music and possess a good deal of musical talent. Your sensitivity is a symptom of your highly developed intuition. But you must learn to trust it.

You are a gentle soul and shy away from confrontation if possible. You experience a battle within when you do not believe you can handle a situation; this may have a paralyzing effect on you. You prefer to give in when you should assert yourself. You must learn to be more decisive. Very often, you are afraid to use your own power in the face of someone else's aggressiveness. You incorrectly perceive yourself to be in a weaker position; you may ultimately give in merely to avoid a fight. Conversely, you are extremely diplomatic and tactful. You like to accomplish things through quiet persuasion. You dislike force.

You must fight uncertainty and doubt. You need to develop confidence and a willingness to stand up for what you believe to be right.

You function best in a supportive role, guiding the more public person in quiet, unobtrusive, yet essential ways.

### **Hafeez, your Heart's Desire number is 3**

You love a good time. You are generally happy, friendly, and outgoing. You have a gift for gab. You are very witty, creative, and playful. You inspire and entertain people. You are considered by many a great companion. Many outstanding comedians have this Heart's Desire. You have a good mental and emotional balance and there is little that gets you down.

You have a gift for self-expression and are drawn to the verbal arts -- writing, acting, singing, and poetry. You may have a great talent in one of these areas. If your creativity is blocked or suppressed, you tend to daydream and fantasize. Your imagination needs a constructive outlet; otherwise, it may run away with you.

At the same time, you may have great difficulty expressing your deeper feelings and important personal thoughts. You prefer to stay on the surface, entertaining people with your wit. If you fail to deal honestly with your inner nature, you may succumb to compulsive talking. Such behavior may be merely a way of siphoning off emotional energy that is building beneath your surface. Your deeply felt emotional life cannot be avoided or suppressed. But you possess the talent to channel

these feelings into highly creative and artistic form. Art and self-expression are your outlets.

You need discipline to make full use of your abilities. Too often, you may scatter your energies in many directions, beginning projects that are never finished and never really succeeding in anything. Your success depends on your ability to commit to your work and to see it through to completion. You have so much creativity and inspiring upward energy that you are in desperate need of an anchor. Hard work and discipline serve this purpose and bring out the best in you.

Because you are gifted with such a sparkling personality, you are tempted to stay on the surface and play with life. You are confident and love the attention others give you, but these characteristics can lead to vanity and self-absorption.

You have the potential to live a very full and successful life thanks to your talent for artistic self-expression. The key to your success is a balance between the creative forces and self-discipline.

## **HOW YOUR HEART'S DESIRE NUMBERS COMPARE**

*Compatibility of the Heart's Desire number is very important in a relationship. Few relationships last beyond the initial stage if these numbers are not harmonious.*

### **Hafeez and Hafeez, your Heart's Desire Compatibility is 2 and 3**

Hafeez, with the sensitive 2 as your number, you may find it difficult to handle criticism and confrontation (which has the potential to make you hold a grudge). Just the opposite, Hafeez's 3 gives them the innate ability to allow negative comments to roll off without doing much damage. This does not mean Hafeez cannot be hurt, but simply that they do not allow such things to spoil the day. These differing approaches regarding emotional issues could create conflict between you.

Sometimes a little tactless, Hafeez might speak before thinking, not realizing the effect their comments will have on Hafeez. However, when "little things" grow into big emotional issues in which even Hafeez is strongly affected, Hafeez will respond passionately. Although Hafeez tends to be less affected by criticism or an emotional exchange, they have less control of their emotions. This might lead to expressing anger and sharp words that could hurt Hafeez, damaging the relationship.

Hafeez might respond with a few angry words but will more likely just withdraw. If this happens, a hard kernel of resentment wrapped in confusion can develop and sometimes remain hidden for a long time. Since Hafeez may not always think clearly when emotions are in play, and may walk away from confrontation, they could eventually become so discontent that it would take everything

Hafeez has to bring them back.

On a positive note, the combination of 2 and 3 is very passionate and strong. If Hafeez keeps verbal impulses under control, and Hafeez has enough self-confidence to handle occasional criticism, the relationship has every chance of bringing lots of love and joy to your life.

Often, the combination of 2 and 3 in this area of the chart enhances both parties' creativity. The sense of harmony and rhythm associated with the 2 merges beautifully with the creative powers of expression so native to the 3. Your relationship can be strengthened enormously by sharing creative interests.

Keep in mind that beauty and love are the foundation of your relationship. The key to weathering your differences is to discuss issues openly and frankly, with tact and sensitivity as soon as they arise.

## THE PERSONALITY

*The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.*

*Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.*

### **Hafeez, your Personality number is 9**

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others. Many actors, dancers, and other performers have a 9 Personality Number.

You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities -- they are sometimes aloof and hold themselves above the world. Your

challenge is to come down to earth with your fellow man.

Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

You are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing. You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

### **Hafeez, your Personality number is 2**

You appear friendly and unpretentious. You have a soft and warm exterior. Others perceive you as gentle, safe harbor. People are drawn to you because, among other reasons, you appear warm and unthreatening.

Your dress is neat and clean. Your clothing should be comfortable, soft, and flowing. You should avoid plain and understated clothes. Try to be a little more daring and exciting in your appearance. This will balance nicely with your perceptive and open personality.

You are very patient and understanding, and a wonderful listener. You make others feel important and loved. You are sensitive and become tense in a disharmonious atmosphere. You have experienced quite a bit of negative criticism as a child, which made you shy growing up. Though you may be well past that shyness, a bit of the vulnerability has remained with you and is often sensed by others.

You are a peacemaker. Arguments leave you drained. People sense your desire for harmony. But you must avoid being the blank tablet for others' projections. People may underestimate your strength, but this is a mistake. You are strong. You bend, but don't break. Exercise is important to your appearance and to promote the level of strength you radiate.

You have a fine sense of beauty and excellent taste. There is a grace in your movements, reflecting your keen sense of harmony and refinement. The opposite sex is attracted to your gentle and attentive nature yet senses the passion beneath your surface. You have sex appeal.

## **HOW YOUR PERSONALITY NUMBERS COMPARE**

*Your Personality is the first aspect people notice when you first meet. Very few relationships have a chance to progress if their Personality numbers are not compatible.*

## **Hafeez and Hafeez, your Personality Compatibility is 9 and 2**

Where Hafeez is open and easygoing in matters of the heart, Hafeez is probably more careful and perhaps somewhat distant. It is likely they recognize the need to maintain a safe distance has been a factor in causing past relationships to end. It is not easy for Hafeez to be deeply involved in a relationship, or to act uninhibitedly.

Hafeez is just the opposite; they find it natural to feel safe and respond easily without having to weigh every potential consequence. Hafeez, it is important to note that there is no shortage of love or caring in your nature; you are self-sacrificing and generous to a fault. The difficulty arises only when relationships become more intimate, closer to the "inner" you; if there is a little distance, you feel safe. Hafeez, you are quite different. You will invite Hafeez to share even your deepest feelings without hesitation. But if they back up, you have the potential to respond with confusion, jealousy, or resentment.

Generally, the 2 and 9 do not get along easily. Although both are caring, loving numbers, the idealistic 9 (Hafeez) prefers to focus on the world at large, to strangers and issues concerning humanity. The 2 (Hafeez) is more emotionally involved and focuses on forming a close, cooperative relationship with one person. Interestingly, the 2 and the 9 comfortably form powerful alliances in other circumstances, particularly business. In combination they can negotiate with and influence just about anyone.

Your relationship issues can be countered, with effort. If it is to grow and endure, Hafeez will need to let go a little, relax the constant vigil, and become more responsive to the moment. Hafeez will need to recognize this does not come easily to their partner. Try to understand that Hafeez's need for distance does not mean love is less real, or not as strong as yours.

Being sensitive to and accepting of your differences can help you build a rewarding relationship - a relationship that can also be quite prosperous, especially in the business world, if you combine your respective strengths.

## **MATURITY NUMBER**

*Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for*

*your life.*

### **Hafeez, your Maturity number is 9**

Your concern for the wellbeing of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly. Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future. If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation.

### **Hafeez, your Maturity number is 3**

As you mature, you will find yourself becoming increasingly extroverted and optimistic about your future. Your self-expression and creativity improve markedly. You may become inspired to take up some type of artistic endeavor, such as writing, acting, or music, if you are not already involved in one of these areas.

Your ability to communicate will substantially improve. You are naturally more fluent and may find yourself dressing with a certain flair. Be careful not to fall victim to superficial appearances or chasing after glamour and extravagance.

With a 3 Maturity Number you can look forward to a pleasant and social latter part of life. Your attitude will be increasingly positive, and your popularity will rise.

If you already have several 3s in your chart, especially in your core numbers, you may tend to scatter your energies and take your responsibilities less seriously. If you have few 3s, or are missing 3s entirely, you will experience a great relief from the tension and seriousness of life. You will be more relaxed and capable of enjoying life.

The 3 Maturity Number is a blessing in the latter part of life. It promises enjoyment, close friendships, and much happiness.

## HOW YOUR MATURITY NUMBERS COMPARE

*Your Maturity number becomes more dominant with age. The texts below become increasingly important after about age 40.*

### **Hafeez and Hafeez, your Maturity Compatibility is 9 and 3**

Hafeez and Hafeez, this aspect of the chart reflects excellent compatibility. The 3 and the 9 have the potential to form a strong bond, one that lasts for an exceptionally long time - if not forever. They represent archetypes that are almost mythical in their romantic alliance. Many stories of patience and self-sacrifice could be told about this union. What makes this so surprising is the fact that your compatibility is possible even though both numbers are considered self-centered, even egocentric at times.

Your numbers indicate you both have powerful imaginations and intense inner lives. This makes you highly creative, albeit in vastly different ways. Hafeez (the 3) has a unique, somewhat offbeat originality, and is comfortable with life's unexpected turns and events. Hafeez likes to manipulate the environment until everything is harmonious; they have the talent to combine colors and materials to create beauty in a disciplined manner. Hafeez appreciates the way Hafeez seems to control events and surroundings and Hafeez envies the easy manner that Hafeez accepts and takes advantage of whatever life serves up. This brings balance to your relationship.

Hafeez, your 3 in this part of the chart is often compared to the sun: you are warm, inspiring, and uplifting to all. Hafeez, your number 9 is the most idealistic and self-sacrificing number. Like the 3, it offers love freely and generously - although the 9 tends to focus on humanitarian concerns. Both are loving, giving, and worldly numbers (who never forget they are at the center of whatever they offer).

Vying for the same limelight could create conflict - a little like politicians in an election run-off. Even if, privately, they respect and like one another, they compete for attention (even slinging mud if they feel it is justified). Fortunately, this is pretty much the only area where the 3 and 9 combination might encounter problems. Avoid competition and invest in the caring, romantic, life-long unity that (otherwise) comes naturally to both of you.
