## THE POWER AND LIMITATIONS OF NUMEROLOGY

*Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.*

*To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.*

*A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages.*

*You are unique, and so is your Profile. We hope you enjoy your reading.*

## YOUR PERSONALITY PROFILE

*Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with. Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.*

*Your Personality Profile begins with an overview of the combined influence of the core numbers derived from your name: your Expression, Heart's Desire, and Personality. This has never been done before.*

*I hope you will take time to read and reflect on the information below. Many aspects become clearer with time and during subsequent readings. I wish you the best on your journey.*

## **PART I: ABOUT YOU**

*Your Personality Profile is based on your full name at birth, your current name, and your date of birth. Your full name tells us who you are; think of it as your numerology-DNA. Your date of birth reveals your path and the patterns of your personal growth.*

*We start this report by looking at the most important numbers derived from your full name to throw light on who you are as a person.*

## **HOW YOUR NAME NUMBERS STACK UP**

*Test Curr, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.*

*All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.*

*This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.*

### **Your Core Name Numbers are 3, 7, 5**

Test Curr, particularly regarding talent and character, few number combinations are as promising and loaded with potential as the 3 Expression, 5 Personality, and 7 Heart's Desire. This is true despite the fact that, taken individually, these numbers do not tend to be wildly successful, financially or otherwise. Your potential is hidden in the balanced merging of their widely different but compatible attributes.

Odd numbers tend to be idealistic, while even numbers are more pragmatic. In your personal makeup, you fall squarely into the first category. You have the dynamic energy of a 5 Personality, so you may have issues with restlessness and boredom. You may also be somewhat rebellious,

especially during your childhood and teen years.

Your 3 Expression adds the childlike enthusiasm and creativity of this upbeat, optimistic, but somewhat scattered number. To complement and supplement this combination, the 7 brings intellect, introspection, and an inquisitive nature. Both the extraverted, verbally gifted 3 and the introverted, scholarly, and rather serious 7 are part of your makeup. These conflicting traits may be confusing to others. One moment you might be outgoing and full of charisma, and the next seem withdrawn, or even unapproachable.

Add to that the unconventional, freedom-loving, rebellious 5, and you have a chameleon with a mind that might go anywhere, bouncing with unconventional ideas. You are likely individualistic, and dislike feeling pressured to conform. Nor do you appreciate being taken advantage of.

This combination of numbers is particularly promising when viewed as a whole, rather than viewing the influence of each number individually. Your challenge is to let each part shine through and play off one another. Finding a balance between the creative 3; the intelligent, analytical 7; and the original, sometimes eccentric 5 (with its talent for self-promotion) creates a recipe for success. This should be particularly true in a creative, unconventional career. Your main challenge lies in becoming focused on unrealistic expectations or impractical goals. Needless to say, you should be realistic in your endeavors.

Your personal life could be challenging due to the rebellious, freedom loving, undisciplined 5, and the periodically irresponsible and somewhat immature 3. Focus on the stable, studious 7 to help you stay focused and balanced.

A word of warning: both the 3 and the 5 are sensual numbers that are easily tempted to indulge. They also have an obsessive streak with the tendency to take things to the extreme. Discipline and moderation are keys to maintaining a balance in all things.

Now let's look at each of your core numbers individually.

## **THE EXPRESSION**

*Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.*

*Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are*

*important as well.*

## Your Expression is 12/3

You are optimistic, inspiring, outgoing, and expressive. People see you as cheerful, positive and charming; your personality has a certain bounce and verve that so powerfully affects others that you can inspire people without effort. All of this upward energy is a symptom of your tremendous creativity. Your verbal skills may well lead you into the fields of writing, comedy, theater, and music.

Yours is the number of self-expression -- rich in imagination and spirit. But you have to be careful not to scatter your talents. Your bane is that you often lack discipline and order in your life. Avoid becoming a "happy-go-lucky" spendthrift, escaping responsibility and commitment. You must learn to concentrate and focus. These are the keys to your success. You have great potential in the arts and areas that requires creative solutions to problems. You are able to perform leaps of imagination, providing unconventional ideas as if they suddenly descended from above. Hard work and focus, however, are the foundation for a successful future.

Though you possess great verbal skills, your mind tends to see life as pictures rather than in words. You have the ability to think abstractly.

Creativity is a sensitive faculty that is often suppressed in childhood. If you lack the confidence to pursue your ideas, you may divert your abilities into a scattering of trivial pursuits. To overcome this problem, you must make a choice. You have to limit your field of vision and the number of activities you engage in and bundle your energies into a single thrust. Focus your life; choose the area that you love the most and commit. There, you will find success. And a great deal of happiness.

Love, romance, and money are within your reach. You are aided by your friends and admirers. Often people appear out of nowhere to help you in key situations. Test Curr, you have to learn to accept the involvement of others in your life. You are not a loner, nor are you particularly independent. You are social -- you need an audience and the support of others to fully realize your abilities.

On the down-side, you can be superficial, moody, and intolerant. You are emotional and sensitive, sometimes presuming criticism where none was intended. You can also be jealous and gossipy. Beware of becoming cynical and sarcastic. These traits can suppress your natural creativity. Be goal-oriented. This is a practical, step-by-step approach to your larger ambitions. You possess the natural abilities to attain a high degree of excellence.

### **THE HEART'S DESIRE**

*The Expression number described above points to a more productive side of your life. Your Heart's*

*Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.*

*It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.*

*You might say that it is in the flow of your breath that you express your deeper self.*

### **Your Heart's Desire number is 16/7**

You love knowledge, study, and insight. You value the gifts of your mind, which you use to great advantage to penetrate the mysteries of life. You study things in-depth. You search beneath the surface of things. You abhor shallow judgments or opinions.

You have a natural gift for analysis and research. Once you have grasped the facts of a subject, your creativity and abstract approach lifts your thinking beyond the rudimentary to the philosophical. You have a theoretical mind, but rather than indulge in fantasies or idle thought, you prefer to base your theories upon scientific facts. You enjoy mental and physical puzzles -- figuring them out, taking them apart, and putting them back together.

Some people may perceive you as cool or aloof. You are somewhat introverted; you may feel slightly removed and even a little different. The fantasy of the hermit or monk engaged in a life of study and meditation appeals to you.

In relationships, you tend to keep things business-like and impersonal. You prefer to talk about the facts of a given situation, rather than the cloudier issues of emotions and personal feelings. You distrust feelings -- both your own and those of others. The whole emotional realm strikes you as unreliable, and a bit unnecessary. Your inability to fully understand the emotional aspect of life is your Achilles heel. You are so rational that the unpredictability of the heart frightens and surprises you.

Your challenge is to trust. You need to share your heart with someone. This is a courageous step for you but will result in enormous growth and satisfaction.

The advice here is to make a true connection with another human being. Without it, you may marry out of convenience or to fulfill social expectations, but it will not lead you out of loneliness. The more removed you are from people, the more you risk isolation, bitterness, and a cynical attitude toward life. This choice represents a true crossroads in your development. By sharing yourself with others (without compromising your independence and need for privacy) you can cultivate your enormous charm and share your

understanding of life. You are a natural teacher and advisor. And the wealth of knowledge you will accumulate in life is meant to be shared with others.

This is not to say that you must compromise on your need for privacy or time spent alone to contemplate life. These are natural aspects of your personality, which are essential to your growth. These characteristics should not be threatening to your spouse but must be understood as fundamental to your being.

You are blessed with a great reserve of intuition, which can be cultivated by regular meditation and contemplation. Your "inner voice" is your greatest guide and friend. You are idealistic and have high expectations for yourself. Learn to balance your serious nature with regular doses of fun. Your intelligence and cultivation make you charming and distinguished in appearance. As you get older and more comfortable with your identity, people are naturally attracted to you. They see your wisdom, your deep understanding of life, and the refinement you radiate.

## THE PERSONALITY

*The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.*

*Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.*

### Your Personality number is 14/5

You are a stimulating person. You brighten social gatherings with your fresh and original ideas. Your conversation tends to be sprinkled with novelty and wit. You have a quick tongue and charisma. You are probably an excellent salesman. There is a lot of nervous energy within you looking for an outlet. You love your freedom and you see this life as an ongoing adventure. You are upbeat and optimistic. This is infectious for those you meet.

As a result, you inspire others. You have a strong and attractive body, with good muscle tone. Your movements are supple, graceful, and athletic.

Your bane is that you love to indulge your senses with food and drink and can easily gain weight. You have an appetite for anything that stimulates the senses -- sex, food, alcohol, and drugs. Discipline is a necessity for you. The negative side of a 5 Personality Number can give rise to an addictive personality.

You like to dress fashionably and can get away with more colorful clothes. However, you should be aware

of the value of quality and the power of modesty.

You are a little irresponsible and quick in satisfying your sensual urges. You are attractive and that, coupled with your innate ability to promote yourself, makes it easy for you to satisfy your desire for new and exciting relationships. You have a kind of swashbuckling personality. People see you as the adventurer that you are. They expect the unexpected from you, and when they don't you often surprise them.

You have a quick and eclectic mind. You attract information from all directions, but you can be a bit superficial, skimming over the surface of a wide diversity of subjects. This may cause you to be a bit of a dilettante. You can get away with it much of the time, but for your own success and happiness, you should try to ground knowledge and deepen your understanding.

Your versatility and adaptability make you capable of getting the most out of virtually every opportunity in life. You decide quickly on a course of action and your timing is usually good. You radiate with the potential for success, which attracts others who can further you along your path.

## **THE HEART'S DESIRE - PERSONALITY BRIDGE**

*A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.*

*The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.*

*With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.*

### **Your Heart's Desire - Personality Bridge number is 2**

Be more sensitive to the needs and expectations of others. Do not rock the boat too often but keep the peace and try to make things run smoothly. You have to use your ability to influence others with gentle diplomacy, instead of confrontations. Be more cooperative.

## **PART II: THE PATH YOU ARE ON**

*If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.*

*Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.*

### **THE LIFE PATH**

*Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.*

#### **Your Life Path number is 3**

You possess a great talent for creativity and self-expression. Many writers, poets, actors and musicians are born under the 3 Life Path. You are witty, possess a gift for gab, and savor the limelight. Your talent for the expressive arts is so abundant that you may well have felt drawn to becoming an artist while still very young. Your artistic abilities can only be developed, however, through discipline and commitment to the true development of your talent. Commitment, concentration and hard work are the only means of bringing forth your talent.

Thanks to your gift for self-expression, you can be the life of the party, and the center of attention. However, you could easily squander your talent by becoming a social butterfly. Your creativity is the gift that can give you the comfort and luxury you desire, but not without continual focus and discipline. You are optimistic and possess the resilience to overcome many setbacks.

You are socially active, popular, and inspire people with your sunny "happy go lucky" attitude. You can be

generous to a fault. Many people born under the 3 Life Path have difficulty handling money because they can be disorganized and not particularly serious about their responsibilities. You are emotional and vulnerable. When hurt, you withdraw into a cloud of silence, eventually emerging from your reticence with jokes and laughter that cover up your true feelings. You can become moody and cynical when depressed. You can succumb to sarcastic remarks, which can be painful to those around you.

When used positively, your talent for self-expression can be a great inspiration force in the world, uplifting others, and bringing much success and happiness to you.

## **THE BIRTH DAY NUMBER**

*The day you were born bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.*

### **Your Birth Day number is 1/1**

You are a leader. You have a great ambition and a strong drive for success. You are highly independent and dislike the restrictions of having to work with others. You easily become frustrated with the routine. You are a pioneer, a gambler, and an initiator. You are very creative; you possess a keen and rapid mind.

You have excellent business instincts and with the appropriate training can run large organizations and big businesses. You use information for a specific purpose. Knowledge is a practical tool in your hands; you dislike information or knowledge for its own sake. You possess a broad vision and a great capacity for motivating others. You have great will power that will be tested, especially during the years 28 to 56. But your opportunity for accomplishment is enormous.

You are generally open to the ideas of others, but you can be extremely stubborn and hardheaded once you become attached to your plans.

Avoid laziness and procrastination. You are given to anger and frustration and tend to force the issue at times when things are not developing as rapidly as you would like.

Your determination, will power, and inventiveness are the keys to your success and will likely bring you much personal reward and financial success.

## **THE LIFE PATH - BIRTH DAY BRIDGE**

*Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.*

## **Your Life Path - Birthday Bridge number is 2**

Your Life Path and Birth Day number give you a 2 Bridge, indicating that your personal growth depends in large part on your ability to sense the emotional and mental disposition of others. Your ability to connect with people is a powerful tool that can greatly advance your progress.

### **CHALLENGES; YOUR FIRST CHALLENGE**

*You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.*

*These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.*

*The four Challenges in your chart will influence you during the periods of your life listed below.*

*The duration of your First Challenge usually lasts from birth until age 30 to 35.*

## **Your First Challenge is 0**

This is a less demanding challenge. Growth is allowed to take place without one particularly serious obstacle. This does not mean that there will not be challenges on your path, but there is no single and consistent challenge during this period. However, you are being challenged to stay faithful and focused on your highest ideals.

There is an opportunity to go deeper within yourself, and discover the inner being that is you.

### **THE SECOND CHALLENGE**

*Your Second Challenge is in place from approximately age 30 through 55.*

## **Your Second Challenge is 0**

Test curr you are repeating your First Challenge

### **THE THIRD AND MAIN CHALLENGE**

*This Challenge carries much weight and will be felt throughout your life. For that reason, it is also*

*called the Main Challenge.*

*As you master this challenge and incorporate its positive aspects into your character, your life gradually feels more in control. There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.*

### **Your Third and Main Challenge is 0**

Test curr you are repeating your First Challenge

## **THE FOURTH CHALLENGE**

*Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.*

### **Your Fourth Challenge is 0**

Test curr you are repeating your First Challenge

## **PART III: YOUR PATH AND YOU**

*We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.*

### **THE LIFE PATH - EXPRESSION BRIDGE NUMBER**

*This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your goals and personal growth.*

#### **Your Life Path - Expression Bridge number is 0**

Your bridge number is 0 (this is one of the few places in a numerology chart that can produce a zero). It suggests you could be more accepting of what you perceive as your shortcomings and indicates a tendency to be unnecessarily hard on yourself, possibly declining opportunities due to a lack of confidence. Although this will diminish somewhat with age, you could benefit from taking an honest look at the underlying causes of this harsh self-assessment. Think about this the next time an opportunity presents itself.

In your favor, your Life Path and Expression numbers are the same, which is considered fortunate. This suggests you possess the ability to make real progress in the area of personal growth, as well as progress on your chosen path.

### **MATURITY NUMBER**

*Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.*

#### **Your Maturity number is 6/6**

As you mature, you will become increasingly concerned with the well-being of family, friends, and community. You will be drawn to the role as healer, counselor, and teacher. You have a growing ability to give comfort and sound advice to those in need. You naturally assume the role of patriarch or matriarch of those in your care, no matter how old they are. You become more responsible and protective. You may well become involved in environmental protection, volunteer work or politics. You are naturally idealistic and strive to realize those ideals as you grow in maturity and in personal resources.

Your careful and balanced approach to business and financial matters provides you with sound and secure success later in life. The 6-maturity number provides an outstanding financial foundation for the future. In addition, the influence of the 6 promises an old age surrounded by loved ones.

For those who have few 6s in the chart, or none at all, this Maturity Number promises the close relationships that you have striven for most of your life.

### **PERIOD CYCLES; YOUR FIRST PERIOD CYCLE**

*Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.*

*The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.*

*The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.*

*The Third Cycle starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.*

*Your First Period Cycle runs from birth until your mid 30's.*

**Your First Period Cycle is 1 and lasts until age 33**

The first part of your life, through your late 20's or early 30's, is a period of much intensity. When the 1 dominates, it requires fortitude, courage, and flexibility. You are forced to use every one of your talents to achieve individuality and independence. This is a period of integration and focusing on your life's dreams.

Your ability to stay the course is repeatedly challenged, but adequate resources become available to assist you. Resilience, independence, and fortitude are required. As you strengthen these characteristics, they become an integral part of your personality and help you to emerge stronger for it. This cycle marks a time of progress in your development.

## **SECOND PERIOD CYCLE**

*Your Second Period Cycle runs from your mid 30's until your late 50's.*

### **Your Second Period Cycle is 1**

The middle years of your life (approximately ages 30 to 60) find you on an intense path of personal growth. You are required to adapt frequently to the many ups and downs in your life.

When 1 rules the second Period Cycle it focuses on self-empowerment. To facilitate this, situations occur that force you to dig deep to find the courage required to face your challenges. You have love and support, but circumstances will often demand that you rely heavily on your own strengths.

Fortunately, throughout this approximately thirty-year period, you often have confirmation that your gut feelings are correct and feel you are moving in the right direction. You will likely find yourself in a leadership position, strengthening your self-confidence even more.

## **THIRD PERIOD CYCLE**

*Your Third Period Cycle covers the later part of your life, starting in your early 60's.*

### **Your Third Period Cycle is 1**

The latter part of your life will likely find you in a position of leadership. You act rather than react; you are an instigator, a self-starter. You may move in a new direction during this period. You will need to be proactive to overcome obstacles. Courage, self-confidence, and perseverance (more than the support of others) will be required to reach your goals.

Many people become less active or involved when they reach their later years; you experience renewed energy and drive. This is a period of integrating different aspects of who you are and focusing on your life's dream. The people who are close to you may suggest slowing down, but you are meant to make your greatest

advancement later in life.

## **PINNACLE CYCLES; YOUR FIRST PINNACLE CYCLE**

*Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.*

*Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.*

*The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.*

*Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.*

### **Your First Pinnacle cycle is 2 and runs from birth until approximately age 33**

Test Curr, this Pinnacle causes you to be extremely sensitive, intuitive, and full of insight. It is a period that requires patience and the development of inner awareness. You are being asked to use gentle power and persuasion to obtain your desired goals. Direct approaches, forceful displays, and confrontations will likely work against you. You will find the most satisfactory roles to be supportive. You are now a gifted advisor, a diplomat and a peacemaker. Your insight into other people's feelings and motivations is so acute that you seem to be able to see right to the core of things. But rather than use these gifts to create differences between people, you must use them to create peace, to mend rifts, to harmonize.

Your challenge during this period is to bring balance to duality in every form, and at every level. You will recognize the value of both sides of an argument and be able to see the middle ground where peace can be made. You can create the atmosphere in which both sides can compromise and work harmoniously. You are the glue that keeps people and important projects together.

The weaknesses you must face and overcome are too much sensitivity. You may be tempted to indulge your feelings, to be too easily hurt. You may lack self-confidence, especially at the beginning of the Pinnacle when your heightened sensitivity and awareness make you conscious of your own shortcomings. You may

succumb to fear and hesitation. All of this can lead to emotional turmoil. You need courage and the willingness to reach out for support.

Your sensitivity will make you acutely appreciative of beauty and harmonious environments. At the same time, you need beauty and harmony around you. You have an increased appetite for music and the arts in general. You may find that your musical talents coming to the surface. If you do not already play an instrument, give in to any inclination to take one up.

A person in a 2 Pinnacle who uses his or her sensitivity, understanding, and insight is very appreciated by others. You may not fully realize just how much others appreciate and respect you. This may cause you to feel undervalued, or that you are not getting the recognition you deserve. You appear shy and humble, particularly if this is your first Pinnacle, but inside there is much pride that must be kept in check.

You may want to hide from the tumult of life, or from difficult situations. This may tempt you to color the facts in order to protect harmony. Be careful of this tendency, because it often backfires.

You have an eye for precision and detail. Your taste in all aspects of life is enhanced and you possess a certain class that others admire. If you make the most of these qualities, your appearance is considerably improved, making you both attractive and graceful.
