YOUR YEARLY RELATIONSHIP FORECAST

People change, sometimes dramatically, sometimes subtly. When people form a close relationship, their individual evolution can affect the stability and harmony of their partnership.

Please, keep in mind that the core numbers in your profiles (your Life Path, Expression, Heart's Desire, Personality, and Birth Day number) tend to carry more weight than cycles do. However, cycles, like your Personal Year cycle, can cause upheaval in areas where you previously had no issues. When that is the case, try to remember they are most likely temporary.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

, your Life Path number is 3

You possess a great talent for creativity and self-expression. Many writers, poets, actors and musicians are born under the 3 Life Path. You are witty, possess a gift for gab, and savor the limelight. Your talent for the expressive arts is so abundant that you may well have felt drawn to becoming an artist while still very young. Your artistic abilities can only be developed, however, through discipline and commitment to the true development of your talent. Commitment, concentration and hard work are the only means of bringing forth your talent.

Thanks to your gift for self-expression, you can be the life of the party, and the center of attention. However, you could easily squander your talent by becoming a social butterfly. Your creativity is the gift that can give you the comfort and luxury you desire, but not without continual focus and discipline. You are optimistic and possess the resilience to overcome many setbacks.

You are socially active, popular, and inspire people with your sunny "happy go lucky" attitude. You can be generous to a fault. Many people born under the 3 Life Path have difficulty handling money because they can be disorganized and not particularly serious about their responsibilities. You are emotional and vulnerable. When hurt, you withdraw into a cloud of silence, eventually emerging from your reticence with jokes and laughter that cover up your true feelings. You can become moody and cynical when depressed. You can succumb to sarcastic remarks, which can be painful to those around you.

When used positively, your talent for self-expression can be a great inspiration force in the world, uplifting others, and bringing much success and happiness to you.

, your Life Path number is 3

, your Life Path is also a 3; the same as 's

HOW YOUR LIFE PATH NUMBERS COMPARE

Your Life Path number is the most important influence in your chart. As such, their compatibility is very important to the well being of your relationship.

and , your Life Path Compatibility is 3 and 3

and , you both have the creative, happy-go-lucky 3 in this part of the chart, which indicates you carry on lively conversations and inspire and motivate each other in an energetic environment. You joke easily and appreciate each other's humor. You enjoy one another's company while still participating in an active social life.

On the surface, there is little negative to say about this combination. However, a deeper look suggests that unless you consistently work on it, the happy-go-lucky nature of your relationship could become the root of persistent problems. Sharing the 3, you probably both tend to gloss over rough spots that emerge. This area of the chart indicates a strong preference for reveling in the sunny days without noticing the shadows you cast. It is important that you address relationship issues as they arise before they accumulate and become insurmountable.

The influence of the 3 is only dominant in some aspects of your relationship; other more serious numbers also play in your chart. They can help you work through the emotional turmoil that is inevitable. Watch for subtle signs indicating something might be bothering your partner because, although you are both excellent communicators, you do not always use this talent to express your deeper, private, feelings. Stay attentive. If you suspect something is up - even though your partner appears happy-go-lucky - take time to have a frank and intimate talk about what is going on.

Another potential issue for this combination is that fun can become too high a priority, overshadowing important responsibilities and duties. The number 3 is scattered, unfocused, and impulsive, all common traits in creative people and the creative process. The 3 lets the mind wander in search of new, creative ideas. However, without effort and discipline those traits can work against you. To create the material security that will allow you to experience the fun and joy you both desire, you may need to remind one another to stay focused and keep your eyes on the prize.

and , you clearly have many compatible aspects in your relationship. Just ensure you guard against the less desirable traits of the 3 (irresponsibility, lack of focus, and a sometimes-frivolous attitude).

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

, your Expression is 4

You are the bedrock of society, the foundation of any enterprise. You are an organizer and manager. Your approach to life and to problems is methodical and systematic. You are a builder and a doer. You turn dreams into reality. You possess a highly developed sense of structure. You enjoy management systems and can carry out your well laid plans. You are not the type to embark on any trip without a map.

You take your obligations and those of your family quite seriously. As a result, you are reliable and responsible. You enjoy seeing a project through from start to finish but can become too narrowly focused. You put your nose to the grindstone and tend to become a workaholic.

You are driven by contempt for all that is unstable, insecure, and unpredictable. You distrust the unconventional, preferring instead the tried-and-the-true. But this can make your endeavors move slowly and cause you much frustration, especially with the apparent limitations of your resources.

At the same time, concern for the limitations of your resources causes you to be careful and cautious, shutting you out from possible shortcuts and creative solutions provided by more daring people around you. It is important that you recognize restrictions for what they are: guiding forces that are testing and directing you toward your goals. Your challenge is to be more imaginative and to attract more creative people into your life who can advise and inspire you.

In relationships, you tend to be somewhat moralistic. You are extremely honest and sincere. You

have integrity and are trustworthy but can also be rigid and stubborn. Don't let your strong likes and dislikes overrule your common sense and compassion. Be more understanding of others' shortcomings.

Because you tend to focus on details, you can fall into a rut and become a little dull and overly serious. Often, people born with the 4 Expression need to lighten up and have more fun. You have a keen eye for detail. You have great stamina and can work conscientiously and persistently toward your goals. This eventually brings you success and standing in your community.

In your conservative and careful way, you are good with money. You are very conscious of the balance between income and expenditures. You can limit your expenditures; saving money is important to you.

You are a surprisingly good parent, and love to be involved with children. Somehow, you relate a little more than others to the innocence of children, perhaps seeing a good deal of yourself in them. You, too, are idealistic and respect the simplicity of children.

Many accountants, bookkeepers, government officials, managers, and lawyers are born under the 4 Expression. You can be attracted to the arts and music but will likely bring your love of structure and order to any artistic field. Classical music and opera are particularly appealing and inspiring for you.

, your Expression is 4

Testlastnew, your Expression is also a 4; the same as 's

HOW YOUR EXPRESSION NUMBERS COMPARE

More than any other number in your chart, your Expression number reflects who you are as a whole person on a deep level (rather than the "face" you show to the world, described by your Personality number).

It cannot be over-emphasized how important it is to recognize that the same number in a different area of your chart will affect you differently. There may be times you read something that seems to directly contradict an earlier statement. Yet, if you take time to carefully think about the opposing information you might recognize that, being the complex individual you are, you carry the same contradictions. This is natural and true for all of us. You may excel at organization in one area of your life, while chaos rules in another. You may be tactful and sensitive in one setting, but direct

and confrontational in another.

Be aware that it is more difficult to overcome negative traits you recognize in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

and , your Expression Compatibility is 4 and 4

and , you both have a 4 in this part of the chart, indicating a relationship that is either very compatible or extremely stressful. Your lifestyle preferences are likely remarkably similar, and you both prefer a certain amount of predictability and routine in your lives. This does not mean you do not enjoy a surprise on occasion, but you generally want your daily routine to be firmly established and uninterrupted.

The success of your relationship relies largely on how compatible your daily routines are. Details are important because you both tend to become irritated when your carefully established schedules are disturbed. It is important that you respect each other's needs and habits. Even if other numbers in your respective charts point to a certain amount of flexibility and adaptability, you probably tend to create environments that are finely tuned and designed to accommodate your daily physical, mental and spiritual needs.

Unless your habits are compatible, it will be difficult for you to sustain this relationship without making a few adjustments (other than the necessary give-and-take of any relationship). Neither of you should severely limit your needs or desires to accommodate the other as it will only work in the short term; try to arrange a somewhat separate routine instead. It is better to give each other room than to force things that are uncomfortable, creating minor annoyances that can turn into growing sources of resentment.

and , you are both reliable, dependable people who honor your promises. Being able to count on each other is a powerful ally in your relationship. However, if taken too far, your grounded, practical nature can also create a rigid lifestyle that could lead to frustration and gradual alienation from friends and family members. Lacking tolerance and acceptance of other people's lifestyles can put a stranglehold on your social life and, indirectly, a strain on your relationship. Your keywords for a successful, rewarding relationship are tolerance and flexibility.

THE HEART'S DESIRE

The Expression number described above points to a more productive side of your life. Your Heart's Desire reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer,

as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.

You might say that it is in the flow of your breath that you express your deeper self.

, your Heart's Desire number is 8

You want success in its fullest meaning: wealth, power, and material comforts. You have an enormous ambition. You dream of big projects, great undertakings, and rewards. You are a visionary. You see the horizon and the promise.

In general, you also see the methods necessary to fulfill that promise. But you are not especially good with details; you need others to help you deal with the smaller parts of the picture.

Your challenge is to make full use of the full spectrum of your abilities, as indicated by your other core numbers. In the same way, you must bring forth the best from others and orchestrate their talents toward the realization of your vision. In short, you must lead by example, demonstrating the standard for commitment, determination, and excellence.

All of this requires effort on your part. You will meet with obstacles and difficulties. Your determination and commitment will be tested. But you have the power to overcome every obstacle you face and accomplish the goal you've set for yourself.

Your task in life is to learn to use power in refined and elevated ways. The expression and use of power are directly related to one's personal evolution. The more primitive uses of power rest with violence and the threat of deprivation. The higher expressions depend upon your capacity to care for and nourish the people and projects in your charge, giving each exactly what is needed at the appropriate time and in appropriate amounts.

You have a creative mind and an unusual approach to business and problem-solving. You need to cultivate your ability to evaluate others. It is essential for you to be involved in a project that challenges you and offers the potential for rewards. When you are uninvolved or unoccupied with a worthwhile task, you can become deeply despondent, depressed, and frustrated. You are the perfect example of the old platitude, "Idle hands are the devil's workshop."

Without a challenge, you can lose balance in life and become selfish, cruel, and even self-destructive. Disappointments become shattering, causing terrible consequences in self-image and self-love. Perspective is everything for you. You have a natural talent for balancing the spiritual and material planes.

You need to cultivate courage and stamina. Courage is a choice. You need to decide to be brave in the face of fear. A balanced 8 is among the most powerful and satisfying of numbers. It is the spirit of the true survivor, able to bounce back and achieve a greater victory.

, your Heart's Desire number is 8

, your Heart Desire is also a 8; the same as 's

HOW YOUR HEART'S DESIRE NUMBERS COMPARE

Compatibility of the Heart's Desire number is very important in a relationship. Few relationships last beyond the initial stage if these numbers are not harmonious.

and , your Heart's Desire Compatibility is 8 and 8

and , the fact that you both have an 8 in this part of the chart indicates you are well suited to support one another's endeavors, as well as start a venture together. You are both visionaries with imagination and a talent for business. However, you are also both driven to be in charge, and you do not like to surrender control. This may cause competition at times, which could lead to jealousy or anger. If you direct your strongly competitive natures against other forces, you have a good chance of a long and happy relationship, with the potential for financial prosperity as well.

The 8 is a good number for business, but its tendency to risk everything in pursuit of a dream could bring either tremendous success or total failure. No other number is willing to ride a financial roller coaster like the 8. You will need to keep an eye on each other to prevent extreme risk-taking.

and , the biggest danger for your relationship arises if financial problems become sizable. Being financially strapped will negatively impact all other areas of your life, including romance. People who share the 8 are driven to achieve material success. It is important that you follow your heart and your intuition in the pursuit of success - that is the nature of the 8 - but it is equally important that you keep enough of your assets safely set aside to avoid serious problems.

Both of you understand the need for authority, particularly when it comes to raising children; however, this may lead to you be more controlling than most parents, which could be another source of trouble. When both parents have an 8 in this part of the chart, they tend to create environments where children are given everything they need (including plenty of love), but this is often accompanied by too much control, causing them to rebel.

It is important that you understand your authoritative nature and recognize that your partner - and children - have their own paths to forge.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

, your Personality number is 5

You are a stimulating person. You brighten social gatherings with your fresh and original ideas. Your conversation tends to be sprinkled with novelty and wit. You have a quick tongue and charisma. You are probably an excellent salesman.

There is a lot of nervous energy within you looking for an outlet. You love your freedom and you see this life as an ongoing adventure. You are upbeat and optimistic. This is infectious for those you meet. As a result, you inspire others. You have a strong and attractive body, with good muscle tone. Your movements are supple, graceful, and athletic.

Your bane is that you love to indulge your senses with food and drink and can easily gain weight. You have an appetite for anything that stimulates the senses -- sex, food, alcohol, and drugs. Discipline is a necessity for you. The negative side of a 5 Personality Number can give rise to an addictive personality.

You like to dress fashionably and can get away with more colorful clothes. However, you should be aware of the value of quality and the power of modesty.

You are a little irresponsible and quick in satisfying your sensual urges. You are attractive and that, coupled with your innate ability to promote yourself, makes it easy for you to satisfy your desire for new and exciting relationships. You have a kind of swashbuckling personality. People see you as the adventurer that you are. They expect the unexpected from you, and when they don't you often surprise them.

You have a quick and eclectic mind. You attract information from all directions, but you can be a bit superficial, skimming over the surface of a wide diversity of subjects. This may cause you to be a bit of a dilettante. You can get away with it much of the time, but for your own success and happiness, you should try to ground knowledge and deepen your understanding.

Your versatility and adaptability make you capable of getting the most out of virtually every opportunity in life. You decide quickly on a course of action and your timing is usually good. You radiate with the potential for success, which attracts others who can further you along your path.

, your Personality number is 5

, your Personality is also a 5; the same as 's

HOW YOUR PERSONALITY NUMBERS COMPARE

Your Personality is the first aspect people notice when you first meet. Very few relationships have a chance to progress if their Personality numbers are not compatible.

and , your Personality Compatibility is 5 and 5

and , you both have a 5 in this part of the chart, a number full of contradictions no matter where it is found. For example, the 5 is sensual, freedom loving, tends to overindulge, and does not like to be tied down. Paradoxically, it is also loyal and less likely to cheat than any other number. The 5 will avoid commitment if possible but takes fidelity very seriously once it finally commits.

You probably recognize these traits in yourself and your partner. You both take commitment seriously yet are willing to give each other space and freedom. You are tolerant, easy going, and flexible. Your mutual understanding is one of the many strong benefits to this combination that will help you weather many storms. However, there is a dangerous side to this relationship (as there is in many).

and , the danger does not come from outside, but from inside. You are both adventurous people who dislike routine, preferring change and variety in your lifestyle and environment. Even major changes such as switching careers or moving to another town - even when there is no real need for a change. This attraction to freedom and adventure has the potential to create trouble. Your desire to try new things and to test boundaries might be expressed in a somewhat wild life style that includes overindulgence in drugs, alcohol or other vices.

In most partnerships, if one partner has a "wild streak" the other can help to counter it. But in sharing the dynamic 5 energy, you could both venture into the danger zone with no one to prevent things from getting out of control.

and , you have much in common and have all the ingredients for a long, happy, and fun-filled relationship. However, to prevent a slow slide into a lifestyle that could be quite difficult to emerge from, you will both need to be painfully honest with yourselves and each other. If you see yourself or your partner moving toward an unhealthy habit, act swiftly to address it before it gets out of control. Have fun, but do not allow your desire for freedom and adventure to pull you too far in the wrong direction. The 5, more than any other number, requires discipline.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

, your Maturity number is 7

As you mature, you will become increasingly occupied with the larger questions of life, reading, contemplating and searching for a deeper understanding of who you are and what this life is all about. You may turn to philosophy or religion, but will likely examine a wide array of areas, broadening your knowledge in many disciplines.

Your intuition grows stronger, as does your ability to look beneath the surface of every subject you study. You are able to analyze abstract questions and live according to your higher ideals. You may find yourself needing more time alone; your need for privacy will likely increase.

If you already have several sevens in your chart, you will have to guard against becoming withdrawn, and alienated. If you have no sevens, you will now have the ability to deepen your understanding of one particular field. You will have the opportunity to become grounded in a

particular area of study.

, your Maturity number is 7

, your Maturity is also a 7; the same as 's

HOW YOUR MATURITY NUMBERS COMPARE

Your Maturity number becomes more dominant with age. The texts below become increasingly important after about age 40.

and , your Maturity Compatibility is 7 and 7

and , yours is a beautiful combination, with enormous potential for spiritual growth. You both appreciate life and life's mysteries deeply. You have a strong intellectual and spiritual bond and thrive on each other's intellect and wisdom.

The relationship between the 7 and 7 may begin in the heart, but it quickly moves to the inner realms. The term "soul mates" applies to couples that share the 7 in this part of the chart. Poets at heart - even if you have never written a poem in your life - you intuitively recognize that your bond with each other is "spiritual" in nature and more valuable than anything else in your lives. You grow together, without the need to constantly be together. You probably communicate in half sentences and often find yourself thinking or expressing the same thing your partner just said.

If your relationship is moving toward maturity, you are likely to be "joined at the hip." That said, there are also things to watch for to avoid spoiling such a beautiful relationship. No other number can, at times, become as stubborn and unforgiving (even in small matters). In extreme cases, the 7 can become small-minded, even neurotic. While rare, a tendency to allow a minor issue to become a major disagreement does exist. What is interesting is, critical issues rarely cause the same reaction; the 7 is too intelligent to be petty. But the same person who can lead a study group with insight and the ability to communicate even the most arcane concepts, can turn into a hair splitter when it comes to seemingly minor household issues.

and , there is one issue you should be particularly aware of, as it has the potential to destroy this otherwise excellent combination. You both enjoy a highly imaginative inner life. Therefore, you need time alone for study, contemplation, or just to let your mind wander. When your living space is too small, or you lead hectic lives continually surrounded by others (even each other) your need for quiet personal space will begin to take precedence over everything else. It is common for

people with a 7 in this part of the chart to leave a promising career, relationship, or family due to this inner need.

It is important that you both find a way to honor this and create an environment where you can have time alone. If you become aware of underlying tension building, talk to your partner, and discuss solutions. Recognize your common need to share your life and ideas while maintaining your individuality and need for personal time.

YOUR PERSONAL YEAR

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.

Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

, your Personal Year cycle for 2026 is 3

This is a year of expansion and personal growth. It is a time of heightened personal expression. Creativity and artistic talent come to the forefront. You are lighthearted and drawn to all kinds of social events. More than most other years, you will entertain and be entertained. You meet new and exciting people. It is a time to appreciate all that you have.

You are highly dynamic and charismatic. Your challenge is to avoid scattering your energies. You have a rare opportunity to bring forth new and creative ideas. But that requires discipline and focus. It is easy to be optimistic and enthusiastic this year and this may result in speeding up your projects. Yet there will be delays and disappointments unless your enthusiasm is based upon the reality of work and concentration.

This is a pleasant time in which friendship is enjoyed and love shared easily.

This is often a good financial year, particularly if your creativity is well directed. Surround yourself with upbeat and positive people.

You may travel more than usual, which in all likelihood will be filled with exciting people and pleasure. Control this year's tendencies towards glamour and extravagance, yet allow yourself

more room to enjoy and celebrate.

You communicate well this year and are more capable of getting your ideas across.

February brings changes; June sees the completion of a project and July signals a new beginning. August can be emotional, as can November.

YOUR RELATIONSHIP FORECAST YEARLY

and , your Personal Year cycle is a strong indication of the trends and circumstances you experience during the year ahead.

Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year.

Your Personal Year's Compatibility in 2026 is 3 and 3

and , this should be a period where you can enjoy each other's company, share ideas, and experience relatively little stress in most areas of your life.

The key word is relative. The 3 you share during this cycle suggests most things should be easier to handle and problems will not weigh on you as much as they might other times. However, there is always another side to the coin. The 3 can also make you a little scattered and unfocused - a typical side effect of its creative nature. If you have set specific goals, you may find your ability to stay focused and disciplined more challenging than usual.

Your relationship has the potential to strengthen and deepen during this time. You connect easily and your ability to communicate is enhanced. However, one drawback may be your heightened popularity. The charismatic energy of this cycle will likely attract attention from other people. This attention could be tempting to either (or both) of you, giving rise to jealousy.

, your Personal Year cycle for 2027 is 4

This is a year to be organized and practical. Take care of details. Commit yourself entirely to your goals. Your concentration and ability to focus will be much improved over last year. You will have an attitude of realism and determination.

There can be a sense of limitation and some frustration this year. However, it is a year of important opportunities that must be seized. There can be considerable work-related travel. You must be flexible this year to make full use of the opportunities that present themselves. It will require a combination of perseverance, hard work, and versatility. You will receive recognition for your efforts and support from your friends and family.

It is a good year to buy real estate or remodel your home. It is also a good time to take care of projects which have been postponed for too long. Fulfill your obligations and do not be afraid to spend some of that hard earned money. Selling and trading during this year usually is quite successful. This is the year to work on your foundation and prepare yourself for the many changes that will undoubtedly come next year.

As a result of your hard work, there will be much satisfaction and a feeling of accomplishment. January and February will bring some important change, a new opportunity perhaps. March requires self-reflection and reshaping of your plans. It is a good time to meditate on what lies ahead. June brings a new and important step -- a breakthrough, perhaps -- in your work. October brings changes and a sense of chaos. You may feel threatened by the changes that are on the horizon. But November brings assistance in the form of a promotion or additional financial support.

, your Personal Year cycle for 2027 is 4

, you have the same Personal Year cycle as .

Your Personal Year's Compatibility in 2026 is 3 and 3

and , you share the same cycle number. Since Personal Month and Personal Year cycles follow each other in a repeating sequence, you will always share the same personal cycle numbers, and consequently the same influences. (Personal cycles repeat every 9 months and 9 years.) Your Daily Forecast will also be the same.

This is a time to focus on strengthening the foundation of your lives. Your career, financial affairs, home, and other practical aspects will take high priority.

While this cycle often represents progress, it can be demanding as well as frustrating; things may not move quickly enough or in accordance with your expectations. Your frustration, coupled with a demanding schedule, could create problems for your relationship.

Since you will always share the same Personal Year, Month, and Day, cycles, you are likely to find

yourself on parallel tracks. This usually makes your cycles compatible and helps you to see eye-to-eye when it comes to priorities and goals. However, it also means you could both feel frustrated at the same time (during this cycle, for example) which might compound your irritation. When this happens, it is more likely that an outside influence rather than is causing the annoyance. Keeping this in mind can help you step back, talk about your feelings, and discuss solutions instead of fostering negativity.
