THE POWER AND LIMITATIONS OF NUMEROLOGY

Numerology is an art thousands of years in the making. Like any Metaphysical science, it hinges on the understanding that all things are interconnected. Your numerology profile analyzes the connection between the letters and numbers linked to you, revealing your talents, strengths, weaknesses, emotions, preferences, and a range of other qualities.

To use an analogy, think of numerology's nine single-digit numbers as nine tubes of paint, each a distinctly different color. Imagine you are a work of art painted by a master artist who used every color available to create your image. The depiction is unique and complex: a fusion of bright and subdued colors, shapes and shadows, light and reflection, subtle and bold textures. The deeper you look, the more you perceive and appreciate the many layers that makeup who you are.

A comprehensive numerology profile, along with your honest reflection, can be a powerful self-help tool in identifying underlying traits and new possibilities. The better you know yourself, the more control you have over life's changes and the greater your potential for a successful, fulfilled life. Numerology is not infallible, nor does it promise to answer every question, but I feel confident you will find many things to contemplate in the following pages. You are unique, and so is your Profile.

I hope you enjoy your reading and will find it beneficial to your path of personal growth and insight.

YOUR PERSONALITY PROFILE AND YEARLY FORECAST

PART 1: ABOUT YOU

Just as your DNA determines your physical body; a blueprint of your personality is an inborn part of you from the very beginning. Your Profile begins with insight gleaned from your name because that is where we learn WHO you are. It describes the talents, strengths, and other distinct characteristics you were born with.

PART 2: YOUR PATH

Just as your physical body grows and changes with time, so does your personality. Your personal evolution begins at the moment of your birth. From that point on, the choices you make, the goals you set, your environment, opportunities, challenges, the influence of others, and a thousand other factors alter who you become.

PART 3: YOUR PATH AND YOU

This section looks at how your name numbers (you) and your birthdate numbers (your path) work together to guide your personal growth and the changes you experience.

PART 4: SPECIFICS ABOUT YOU

Certain numbers in your chart affect you in a clearly defined, narrow way, such as your Balance number, which lays dormant until you enter a time when you are off-balance; when discord dominates your life.

PART 5: HOW YOUR CURRENT NAME AFFECTS YOU

The name you use on a daily basis, the way you introduce yourself in a social setting, has a unique affect on your life in that it, more than anything else, reveals how you feel yourself; who YOU think you are and what you represent.

PART 6: YOUR FUTURE

This part of the report tells you what your cycles are for the current year and next year, and how it will affect your life.

PART I: ABOUT YOU

Your Personality Profile is based on your full name at birth, your current name, and your date of birth. Your full name tells us who you are; think of it as your numerology-DNA. Your date of birth reveals your path and the patterns of your personal growth.

HOW YOUR NAME NUMBERS STACK UP

Vivian, we begin by taking a quick snapshot, a look at the influence and meaning of the three core numbers derived from your name. Your Expression number is the sum of the value of all the letters in your full name at birth. Your Heart's Desire is the sum of the vowels. Your Personality number is the sum of the consonants. These three numbers are closely linked and influence one another.

All the numbers derived from your name reflect YOU. They are a blueprint of your talents, shortcomings, character traits, and other qualities. You should realize that this is a limited perspective. Later chapters focus on the challenges and opportunities you will encounter on your path, and attributes you may acquire as time passes.

This first chapter is like a glance from a distance, followed by three chapters that explain the meaning of each number in more detail. We will gradually build a more complete picture of the complex and unique individual you are.

Your Core Name Numbers are 22, 7, 6

Vivian, you have a 7 Heart's Desire, 6 Personality, and 22/4 Expression number. This combination suggests you are a bit of a chameleon, capable of presenting yourself differently depending on the situation at hand. This is not a negative trait, you simply adapt to changing circumstances.

You will most likely experience conflict, however, between your loving, social 6 Personality and your withdrawn, reflective 7 Heart's Desire. Your warm, inviting 6 personality is what others first notice when they meet you. However, your Heart's Desire, the inner you, is actually somewhat withdrawn, and self-oriented. Your 6 Personality desires close personal relationships, where your 7 Heart's Desire prefers solitude and study.

Certain numbers have very specific traits that, if kept from flourishing, can have a negative impact

on the quality of life. Such is the case with your 7 Heart's Desire. This is the influence that informs what you like and dislike and determines what makes you truly happy. A 7 in this position indicates you are inquisitive, serious, reflective, and analytical. These qualities must be nurtured for you to live up to your full potential. Because the attributes are not commonly rewarded in most societies, it may not be the most comfortable path to walk; however, it can be one of the most fulfilling numbers. It brings depth and value to your personality and your life.

As a child, you were probably viewed as a little different and may have often been misunderstood. Most likely, your heart guided you during the early years. You are a dreamer and idealist. However, you also have a practical, grounded side that is reflected in your 4 Expression and 6 Personality.

Your Expression number reveals your talents, abilities, and weaknesses, particularly as they relate to your career and productive life. A 22/4 in this position tells us you are methodical, detail oriented, and very capable. You are particularly adept at handling details. You are dependable, with the strength and stamina to see even the most challenging project to completion.

Your 6 Personality will be your best asset for making friends and finding a romantic partner. Although your 6 Personality will assist your introverted, analytical 7 Heart's Desire with relationships, the traits will compete for dominance throughout your life. There will be times when your outgoing, protective, loving 6 helps you feel connected, and allows you to share more intimately with those you love. You will also experience periods when the withdrawn, contemplative 7 creates a distance that is not easily overcome.

What surprises most people who have this combination (extremely introverted and extraverted numbers) is that true contentment, particularly during old age, comes at least as much from the inwardly focused 7 as the outgoing, loving 6.

Now let's look at each of your core numbers individually.

THE EXPRESSION

Your Expression number, calculated from your full name at birth, reveals the orientation or goal of your life. Some numerologists refer to this as your Destiny number because it represents a lifelong target at which you are aiming. Thus, the Expression number, to some extent, reveals the person you aim to be.

Your Expression is the most influential of the three characteristics that make up who you are. It is also the number with the most influence on your choice of career, although other aspects are important as well.

Your Expression is 22

You are the master builder. You possess a unique gift for perceiving something in the archetypal world -- infinite and divine -- and making some semblance of it manifest on earth. You dream big. Every goal you have is enormous in scope. You dream of creating something that will last centuries. Your desire is to change history. You want to make your mark on human civilization. There is no limit to what you are capable of, nor any on what you dream of doing. Of all the numbers, yours possesses the greatest potential for accomplishment. At the same time, you possess the greatest liability. What it will require of you to fulfill your potential is nothing less than your entire life.

Even as a child, you have had a vague sense of what you must do and have always been deeply intimidated by the awesomeness of your task. You have felt the intimations of your power. But these feelings have caused you to feel paralyzed by doubt. You must advance well into adulthood before you can begin to make use of your power and truly commit to your destiny. The promise and reward of your Expression is equaled only by the degree of difficulty and struggle necessary to realize its potential.

The number 22 offers those who fully realize it a chance to jump into another dimension in which your day is expanded, your capacity to create and inspire multiplied, your ability to perform lasting service to mankind extended beyond the normal limits of one's life.

You may turn away from the challenge you face for the safety of limitations and practical considerations of the 4 (22 reduces to a 4 expression). You may not want to take the great risks that the 22 presents. Instead, you may try to content yourself with limited achievements, telling yourself that your big dreams are unrealistic fantasies. This can cause some frustration, because on some level you feel called to greater things. Nevertheless, your chances to be successful, even when you limit your efforts, are still good.

You have great leadership abilities. You are persistent. You also refuse to back down in the face of a challenge. You like to work in large enterprises and on an international scale. Borders or racial identities mean little to you. You see yourself as a world citizen, playing on the planet, and refuse to be limited by petty conventions.

You should marry someone who does not depend on you for entertainment, rather choose a spouse who can

participate with you but provide an independent contribution to your goals.

You are blessed with a farsighted vision. Your efforts are directed toward great accomplishments and long-standing progress. You deeply want to create a great edifice that will make a lasting contribution, and you have all the tools necessary to do just that.

THE HEART'S DESIRE (A.K.A. SOUL URGE)

The Expression number described above points to a more productive side of your life. Your Heart's Desire, also called Soul Urge number, reflects a deeper, inner you; it suggests an underlying urge, your true motivation, and the general intention behind many of your actions. It reveals the environment and lifestyle you prefer, as well as your likes, dislikes, and the type of people you are drawn to. Consequently, it dramatically influences the choices you make in life.

It makes sense that the vowels of your name are the foundation for your Heart's Desire. Vowels are the peaks and valleys of a language. Notice how vowels leave your mouth in a free-flowing breath. Try it: Aaaa.... Eeee.... Oooo.. Consonants though, are cut off either at the beginning or in the end.

You might say that it is in the flow of your breath that you express your deeper self.

Your Heart's Desire number is 16/7

You love knowledge, study, and insight. You value the gifts of your mind, which you use to great advantage to penetrate the mysteries of life. You study things in-depth. You search beneath the surface of things. You abhor shallow judgments or opinions.

You have a natural gift for analysis and research. Once you have grasped the facts of a subject, your creativity and abstract approach lifts your thinking beyond the rudimentary to the philosophical. You have a theoretical mind, but rather than indulge in fantasies or idle thought, you prefer to base your theories upon scientific facts. You enjoy mental and physical puzzles -- figuring them out, taking them apart, and putting them back together.

Some people may perceive you as cool or aloof. You are somewhat introverted; you may feel slightly removed and even a little different. The fantasy of the hermit or monk engaged in a life of study and meditation appeals to you.

In relationships, you tend to keep things business-like and impersonal. You prefer to talk about the facts of a given situation, rather than the cloudier issues of emotions and personal feelings. You distrust feelings -- both your own and those of others. The whole emotional realm strikes you as unreliable, and a bit unnecessary. Your inability to fully understand the emotional aspect of life is your Achilles heel. You are so

rational that the unpredictability of the heart frightens and surprises you.

Your challenge is to trust. You need to share your heart with someone. This is a courageous step for you but will result in enormous growth and satisfaction.

The advice here is to make a true connection with another human being. Without it, you may marry out of convenience or to fulfill social expectations, but it will not lead you out of loneliness. The more removed you are from people, the more you risk isolation, bitterness, and a cynical attitude toward life. This choice represents a true crossroads in your development. By sharing yourself with others (without compromising your independence and need for privacy) you can cultivate your enormous charm and share your understanding of life. You are a natural teacher and advisor. And the wealth of knowledge you will accumulate in life is meant to be shared with others.

This is not to say that you must compromise on your need for privacy or time spent alone to contemplate life. These are natural aspects of your personality, which are essential to your growth. These characteristics should not be threatening to your spouse but must be understood as fundamental to your being.

You are blessed with a great reserve of intuition, which can be cultivated by regular meditation and contemplation. Your "inner voice" is your greatest guide and friend. You are idealistic and have high expectations for yourself. Learn to balance your serious nature with regular doses of fun. Your intelligence and cultivation make you charming and distinguished in appearance. As you get older and more comfortable with your identity, people are naturally attracted to you. They see your wisdom, your deep understanding of life, and the refinement you radiate.

THE PERSONALITY

The consonants of your full name at birth are the foundation of your Personality number, which is a little like a narrow entrance hall to the great room that is your true nature. It's the outer layer of your personality, the part you feel comfortable sharing. With time and trust, you invite others into the deeper aspects of your nature.

Your Personality number serves as a censoring device in terms of what you send out, as well as whom and what you allow to approach. For this reason, your Personality is usually narrower and more protective in its definition than the real you. It also gives an indication of how others perceive you.

Your Personality number is 6

You radiate understanding and compassion. People sense your warmth and fairness. For this reason, you attract many people who need comfort, including the disadvantaged. People tend to come to you to unload their burdens. You inspire confidence. You have a fine sense of justice. You do everything in your power to

keep the harmony and are even willing to sacrifice your personal desires for the good of others.

You can take this too far, however, sometimes playing the role of the martyr. You have to guard against being taken advantage of. You are not always a very good judge of character. You tend to see the best in others.

You can also become too involved in the lives of others, to your own detriment. (This aspect can be balanced by other numbers in your chart.) You are hospitable and domestic. You love children and are a good parent. You are romantic, faithful and very protective.

You are artistic. You love music, flowers and gardening. You are a natural interior designer. You have an excellent sense of color and taste. You are more concerned with the content of your personality than your appearance, which causes you to be less conscious of the style of your clothes. You are more interested in comfort and the utility of clothing than the statement it makes.

Six Personality Numbers are exceedingly generous. You are not particularly logical when it comes to finances.

You are very vulnerable to praise and criticism. You tend to worry a lot, causing stomach problems.

People see you as a maternal or paternal figure. They want to relax in your presence and unburden themselves. You are the safe port in the crowd.

THE HEART'S DESIRE - PERSONALITY BRIDGE

A Bridge number is based on the numerical difference between two closely related aspects in your chart. It is the gap you need to "bridge" in order to create a more harmonious bond between the two areas.

The following Bridge number connects your Heart's Desire and Personality numbers. It suggests things you can do to help your deeper self to align more closely with your personality; the "outer" you that is apparent to others.

With a little exaggeration, you could say that your Personality number is somewhat like your mask; it's a more superficial aspect you reveal to the world. You can imagine how much more comfortable and less inhibited the experience of life becomes when you can align your authentic self with the personality you show to the world.

Your Heart's Desire - Personality Bridge number is 1

You should rely more on your own strengths and abilities. Be more decisive; don't beat around the bush and be straightforward when expressing your thoughts and feelings.

You need to take charge more often. Get off the beaten path and find original ways of doing things. Do not try to be conventional or try so hard to behave according to the expectations of others.

PART II: THE PATH YOU ARE ON

If there was ever a moment of transformation, it was the moment of your birth. In that instant, you stepped into a new reality - the reality of human life and human consciousness. Even at that moment you were a person with your own unique character, as unique as your DNA. The previous chapters focused on YOU, the person you are, as revealed in the letters of your name. It is now time to look at your Path, the road you walk through life, using the numbers found in your date of birth.

Your first breath marked the beginning of your journey on the road we call your Life Path. It makes sense, then, that the most important number in your numerology chart comes from the date of your birth. Your Life Path number gives a broad outline of the opportunities, challenges, and lessons you encounter throughout your life. It also reveals the strengths, specific talents, and characteristics you were given to help you overcome challenges and evolve into the best you can be.

THE LIFE PATH

Your Life Path number is considered the single most significant information available in your Personality Chart. It is derived from the total of all numbers found in your date of birth. However, it is important to keep in mind that the aspects described in the next few chapters will either complement, supplement, or sometimes weaken the attributes revealed in numbers derived from your name.

Your Life Path number is 21/3

You possess a great talent for creativity and self-expression. Many writers, poets, actors and musicians are born under the 3 Life Path. You are witty, possess a gift for gab, and savor the limelight. Your talent for the expressive arts is so abundant that you may well have felt drawn to becoming an artist while still very young. Your artistic abilities can only be developed, however, through discipline and commitment to the true development of your talent. Commitment, concentration and hard work are the only means of bringing forth your talent.

Thanks to your gift for self-expression, you can be the life of the party, and the center of attention. However, you could easily squander your talent by becoming a social butterfly. Your creativity is the gift that can give you the comfort and luxury you desire, but not without continual focus and

discipline. You are optimistic and possess the resilience to overcome many setbacks.

You are socially active, popular, and inspire people with your sunny "happy go lucky" attitude. You can be generous to a fault. Many people born under the 3 Life Path have difficulty handling money because they can be disorganized and not particularly serious about their responsibilities. You are emotional and vulnerable. When hurt, you withdraw into a cloud of silence, eventually emerging from your reticence with jokes and laughter that cover up your true feelings. You can become moody and cynical when depressed. You can succumb to sarcastic remarks, which can be painful to those around you.

When used positively, your talent for self-expression can be a great inspiration force in the world, uplifting others, and bringing much success and happiness to you.

THE BIRTH DAY NUMBER

The day you were born bears great significance in understanding who you are and where your talents lie. Your day of birth indicates special talents you possess. It gives us an indication of the approach you will take toward the goals, opportunities and obstacles you encounter on your Life's Path.

Your Birth Day number is 9/9

You are broad-minded, idealistic, and compassionate. You should obtain a wide education, especially in the arts. You are highly creative. Many great artists are found under this number.

You must come to truly understand life to be of greater service to society. You have a greater social role to play that will require a blend of the practical and the humanitarian. You must have a keen sense of what will work, but at the same time directing those efforts toward some greater good. Your challenge is to find a place for yourself that has some direct benefit to others. The more you can be of service to humanity, the greater will be your personal reward on all levels -- from the material to the spiritual.

Children born on the 9th day usually take their time before choosing a profession.

You are socially oriented and have a gift of charm. You are well-liked and even admired by others. You can relate to people in all walks of life. You have a broad vision of the world and can see the grand scheme of things, including international politics and great social movements. You express your feelings well, but sometimes can be a bit dramatic. You have a strong interest in philosophy and metaphysics. Nines tend to attract money from other sources, such as inheritance or a stroke

of "luck".

There is an element of sacrifice in the number 9 that demands that you learn forgiveness and unconditional love. You must avoid negative attachments. Do not hold on to people or situations because you feel that justice has not yet been done, or that someone still owes you something. Your task in life is to truly let the universe judge such situations and rely on your own forward-moving life path to bring you the necessities and rewards you deserve.

THE LIFE PATH - BIRTH DAY BRIDGE

Your Life Path and Birthday numbers are closely connected and influence each other. This Bridge explains how you can make the connection between them more harmonious.

Your Life Path - Birthday Bridge number is 6

Your 6 Bridge indicates that your Life Path and Birth Day numbers can be brought into more harmonious affiliation simply by sharing more openly with those you are close to. Try not to hide your emotions. The bond you have with those you love is a major asset; it inspires and motivates you and will be of great help in overcoming obstacles.

When you communicate to others how you are feeling, you find clarity and become more decisive which are great aids for overcoming obstacles.

CHALLENGES; YOUR FIRST CHALLENGE

You face four specific Challenges in your lifetime. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

These Challenges place you in situations that require you to face the particular lesson at hand. This provides an opportunity for you to learn or better integrate personal traits that will benefit you during the lesson, and throughout your life.

The four Challenges in your chart will influence you during the periods of your life listed below.

The duration of your First Challenge usually lasts from birth until age 30 to 35.

Your First Challenge is 5

You are in danger of becoming a rolling stone. Your desire to experience and enjoy life can overwhelm every other priority you have. Your need for freedom dominates you. You want to try

everything and go everywhere.

You must guard against overindulgence -- and even dependence upon -- alcohol, food, drugs, and sex.

You must work at establishing and maintaining long- lasting relationships. Be tolerant and understanding. This will enable you to have people in your life who are more than mere company.

You need to discipline your urge to change every situation that does not immediately suit you. Stick with projects, maintain your friendships, don't abandon people or situations the minute they become the slightest bit difficult.

If few fives are in the chart you have a fear of change and cannot let go of people and situations. This holds you in the past, restricting your growth. Learn to take prudent risks and be more adventurous.

THE SECOND CHALLENGE

Your Second Challenge is in place from approximately age 30 through 55.

Your Second Challenge is 1

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power. You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual.

This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts. You will learn your own set of values; you will develop into an individual with original and innovative ideas.

THE THIRD AND MAIN CHALLENGE

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge and incorporate its positive aspects into your character, your life

gradually feels more in control. There is a chance for great reward implicit in this challenge. In short, it may offer the secret to your success.

Your Third and Main Challenge is 4

You tend to be disorderly and disorganized. You are impractical and tend to fantasize about projects or possibilities that have little value or future. You must learn to discriminate between iron balloons and those that will fly. You have difficulty finishing projects because your vision becomes chaotic and loses track of the path ahead.

You have to learn to be aware of the details. Keep your environment clean and orderly. Be efficient.

You have the ability to be practical and organized but you must learn their value. This will cause you to incorporate them into your daily life and give you the basis for success.

This is the challenge of building a lasting foundation for your life. You will need perseverance and repeated effort. Get-rich-quick schemes will likely backfire; persistent effort is the key to your future happiness.

THE FOURTH CHALLENGE

Your Fourth Challenge is most strongly felt during the latter part of your life, beginning at approximately age of 60.

Your Fourth Challenge is 4

Vivian, you are repeating your Third Challenge

PART III: YOUR PATH AND YOU

We have focused on the letters of your name and the numbers from your date of birth. We will now look at numbers in your chart derived from the combination of both your name and the date of your birth. Acquiring the attributes described in the next few chapters will help smooth your progress. As you learn more about yourself, you may begin to recognize traits you were previously unaware of.

THE LIFE PATH - EXPRESSION BRIDGE NUMBER

This Bridge has the potential to "close the gap" between the Life Path and the Expression numbers. The chapter explains how you can make your talents, strengths, and specific abilities (your Expression number) more readily available and fitting to your goals and personal growth.

Your Life Path - Expression Bridge number is 1

Your Life Path and Expression point to the need to be more decisive and assertive. Rely on your strengths and abilities and take charge more often. Be straightforward and confident when expressing your thoughts and ideas even if they seem offbeat.

Try not to worry about the expectations of others. Being less conventional and finding original ways to do things can open you to new possibilities and produce greater success in your endeavors.

MATURITY NUMBER

Your Maturity number indicates an underlying wish or desire that gradually surfaces at around age 30 to 35. A direction begins to emerge as you gain a better understanding of yourself. With this self-knowledge comes a greater awareness of who you are, and the direction you want to set for your life.

Your Maturity number is 25/7

As you mature, you will become increasingly occupied with the larger questions of life, reading, contemplating and searching for a deeper understanding of who you are and what this life is all about. You may turn to philosophy or religion, but will likely examine a wide array of areas,

broadening your knowledge in many disciplines.

Your intuition grows stronger, as does your ability to look beneath the surface of every subject you study. You are able to analyze abstract questions and live according to your higher ideals. You may find yourself needing more time alone; your need for privacy will likely increase.

If you already have several sevens in your chart, you will have to guard against becoming withdrawn, and alienated. If you have no sevens, you will now have the ability to deepen your understanding of one particular field. You will have the opportunity to become grounded in a particular area of study.

PERIOD CYCLES; YOUR FIRST PERIOD CYCLE

Like most stories, there are three distinct stages of your life. Your First, Second, and Third Period Cycles come from your month, day, and year of birth respectively. Together they form the foundation of your Life's Path.

The First Cycle begins in childhood and lasts through your late 20's. It's a quest for knowledge and identity while you cope with the powerful forces that are present in your environment. These forces include your parents and the socio-economic conditions of your family, for example.

The Second Cycle covers the middle period of your life, bringing about the slow emergence of your individual and creative talents. This cycle begins in the early and mid-30's while struggling to find your place in the world. The late 30's, 40's, and 50's, bring a greater degree of self-mastery and influence over your environment.

The Third Cycle starts approximately age 55, and represents a flowering of your inner self as your true nature comes to fruition. It is during this period that you have the greatest degree of power and self-expression.

Your First Period Cycle runs from birth until your mid 30's.

Your First Period Cycle is 4 and lasts until age 33

This first period is likely quite demanding and frustrating. The need for discipline and effort is present in all aspects of your life. Trying to live up to the demands sometimes finds you frustrated by bad timing or a lack of opportunities.

This is a time to search for something to sink your teeth into. However, restrictions placed on you by your personal life may not support your need for space and freedom. This can have the effect

of either turning you against most forms of discipline - making you rebellious and contrary - or becoming dependent on it, prompting you to choose a career where control from outside forces dominates (such as the military or a very tightly run institution).

SECOND PERIOD CYCLE

Your Second Period Cycle runs from your mid 30's until your late 50's.

Your Second Period Cycle is 9

This is a period where you develop a broad view of humanity and sincere concern for the well-being of others. Tolerance, acceptance, and universal love are the goals of a 9 Cycle, and people under its influence move toward those ideals.

Humanitarian principles and social service are the keys to personal happiness in a 9 Period. Hard work directed toward higher ideals is rewarded. Creative talent is enhanced, especially when joined by a larger social purpose or message. There is an element of sacrifice or letting go, as you are asked to forgive past grievances and part with negative attachments. You are inspired to live according to a higher ethical standard, with personal enrichment as reward.

THIRD PERIOD CYCLE

Your Third Period Cycle covers the later part of your life, starting in your early 60's.

Your Third Period Cycle is 8

As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle. There is promise in the air, financially as well as in personal relationships.

You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others. You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age.

However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8. Your key to success lies in understanding the limits of material wealth.

PINNACLE CYCLES; YOUR FIRST PINNACLE CYCLE

Although Pinnacle Cycles and Period Cycles are both derived from your date of birth, they differ in the way you experience them. Period Cycles, described above, reflect internal stages of growth. Pinnacle Cycles represent the external influences you encounter in life.

Pinnacles reveal general conditions and events you experience during each period, such as your environment, social conditions, relationships, and changing circumstances. Pinnacles reveal how you might respond to these influences and how they will affect your ever-evolving personality.

The transition from one Pinnacle to the next is usually strongly felt. You begin to feel the transition from one Pinnacle to the next approximately two years in advance. The latter part of that two-year period can be particularly strong. You will likely make life-altering decisions, such as marriage, a job or career change, or major changes in your personal makeup.

Knowing and understanding your approaching Pinnacle number prepares you for the changes ahead. Perhaps the most strongly felt change is the transition from First to Second Pinnacle, which usually takes place in your late 20's or early 30's (the exact date depends on your Life Path number). This is usually a difficult transition but once crossed, provides a clear sense of direction and a firmer sense of identity.

Your First Pinnacle cycle is 4 and runs from birth until approximately age 33

This is a Pinnacle of hard work and many rewards. You have the opportunity to build a foundation that will last. Your ability as an organizer, manager, or simply the rock of any institution is greatly increased. You are dependable and reliable. Your ability to fulfill responsibilities is likewise enhanced. As a result of your industry and perseverance, success is well within your reach. It is a step-by-step process in which you build something by small bricks laid one after another.

You will find yourself caring for others in a very material way. Family and in-laws can be burdensome, since you are seen as the cornerstone of the foundation.

Your life is preoccupied with details and responsibilities that must be taken care of. You have set in motion projects that are your children, demanding your constant attention. While there are many rewards, there are also many frustrations. Your sense of your own limits and the consuming nature of details may at times seem overwhelming. You must remember that things that last require slow growth. You may mistakenly believe that your progress should be faster or happen with greater ease. The need for efficiency, orderliness, and methodical systems limit your creativity. Your challenge is to be flexible and adaptable. Learn to play more and allow yourself to be more spontaneous.

Children born under this Pinnacle will tend to be serious and affected by the financial limitations of

their parents. The child may feel the need to leave home early and start a family of his own. He or she must be encouraged to be more farsighted and flexible. The child should avoid jumping into the harsh realities of life too soon.

THE SECOND PINNACLE CYCLE

Your Second Pinnacle Cycle lasts nine years and tends to have a considerable influence on your productive/professional life.

Your Second Pinnacle cycle is 8 and runs from age 33 until age 42

Vivian, under the influences of this Pinnacle, you will have greatly enhanced talent for dealing successfully with business and finances. This is a time of material growth, a time of expansion and reward. It is the cycle of harvest. The 8 Pinnacle also increases your personal power. You have sound judgment and vision. In fact, this is the basis of your financial success. People sense your power and effectiveness. They defer to you much more easily and look to you for answers. This makes it easier for you to use power without having to be a bully or force your way through situations. They perceive your able-ness and want to join you in your vision. Others have faith in you.

You will be able to organize large enterprises. Problems do not threaten you so much as provide a challenge. You yourself sense your enhanced personal powers and feel a growing sense of stability and centeredness. You will be capable of influencing matter in an almost magical way. As a result, you are extremely goal oriented, moving toward the realization of your dreams with confidence and clarity. Your challenge during this period is to maintain a hold on your human and spiritual values. You must remain balanced between heaven and earth. There will be enormous temptations to make money and status your only priorities, excluding the more human or immaterial matters entirely. This will undoubtedly lead to losses. You are being tested and instructed in the real value of money -- it's natural place in life. If money is placed on a high altar, overshadowing all other facets of life, you will become its slave. If you are balanced in your approach to money, and have proper perspective, this can be a truly rewarding period, both materially and spiritually. That is the true promise of the 8.

The number 8 symbolizes the balance between the finite and infinite, matter and spirit. It offers a great opportunity to grow.

THE THIRD PINNACLE CYCLE

Your Third Pinnacle Cycle also lasts nine years. Like your Second Pinnacle, its effect is felt primarily in your career or business environment.

Your Third Pinnacle cycle is 3 and runs from age 42 until age 51

This is a highly creative period. Your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward. This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature. You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past. All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities.

Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

THE FOURTH PINNACLE CYCLE

Your Fourth Pinnacle Cycle lasts for the rest of your life.

Your Fourth Pinnacle cycle is 3 and runs from age 51 until age death.

Vivian, you are repeating your Third Pinnacle Cycle

PART IV: SPECIFICS ABOUT YOU

Although the following chapters deal with less dominant aspects of your chart, they are more narrowly defined and specific in the ways they affect you.

THE RATIONAL THOUGHT NUMBER

Your Rational Thought number comes from combining the sum of your birthday number with the sum of your first name. It reveals the style or process you use when making choices or considering a problem. Are you a structured, logical thinker or do you ponder a question in a creative, abstract manner? Do you daydream or stick to deductive reasoning?

Your Rational Thought number suggests the general approach you take in your thought process.

Your Rational Thought number is 5

You have a flexible and adaptable mind. You are quick with solutions, and you can think on your feet. You have the cunning of a fox. You can talk yourself out of the tightest situations, but your priority is often winning the contest, not being right.

You love to reinvent the wheel. You have no fear of trying an approach that seems far-fetched to others.

Your adaptability is unique, and you often manage to turn a difficult situation around to make it work in your favor.

THE BALANCE NUMBER

Your Balance number provides guidance on how to best deal with difficult situations.

People experience a variety of internal responses to life's challenges. Some step back from difficult situations to ponder a course of action while others withdraw to avoid uncomfortable emotions. Some explode with anger but allow the outburst to pass quickly while others let their feelings linger.

Very often, these are conditioned responses that emerge without thought or analysis. With maturity and self-development, we incorporate new and more effective methods of handling situations we encounter.

Your Balance number is 6

Vivian, your strength lies with understanding people and the underlying conditions of a conflict. But you can rely too heavily on friends and family to provide you solace instead of handling the situation directly and responsibly. You may be too likely to retreat to the good feelings provided by people not involved in your situation. Responsibility is the issue here, you helped create the situation in the first place, and are an essential part of the solution. Accept your role.

THE HIDDEN PASSION

Your Hidden Passion reveals specific strengths or talents that are available to you, such as a specific field of expertise or (as the name implies) a passion. Metaphorically, this talent or passion may be seen as having a power all its own to help shape your life.

Having a talent demands that you nurture and express it. Your Hidden Passion gives you the desire to develop and express your particular ability. In this way, it shapes your personality and guides your life.

Your Hidden Passion number is 5

You love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages and are generally good with words. Writing, promotion, and public relations work suit you perfectly. You are resourceful and original. You have a good sense of humor and a quick tongue.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s -- six or more.

Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. Vivian, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully.

Commitment in relationships and your work is fundamental to your happiness. You may tend to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

Your Hidden Passion number is 9

Warm, generous and compassionate, you would do well and be quite happy in any undertaking that not only supplies you with a decent living but also is for the good of all. Vivian, you are artistic, the nine is responsible for many of our creative geniuses, however these talents are often suppressed, sometimes coming to the surface at middle or old age. You have a strong desire for insight and universal knowledge.

You are emotional, your feelings are not always sensible, and they too are often suppressed. You can get caught up in dreams and ideals without being practical but with enough fire and enthusiasm to attract support. Your oratorical abilities save many a situation. You are driven to do your own thing and are quite independent.

KARMIC LESSONS

Karmic lessons are recognized by the absence of certain letters in your name and describe areas we are weak in that require recognition and effort to overcome.

The letters in your name point to talents and abilities that you possess; tools that are available to you. Missing letters imply tools that are unavailable, they must be learned and mastered during your lifetime.

You can have more than one Karmic Lesson or, if every number is represented your name, you don't have any.

Although you may feel you have learned to overcome one or more of your Karmic Lessons, you will continue to be challenged by them throughout your life.

Your Karmic Lesson is 0

You don't have any missing numbers in your name, therefore, you don't have a Karmic Lesson.

When you don't have a Karmic Lesson, your life's challenges and obstacles described under the chapter for Challenges, as well as chapters discussing Bridge numbers, tend to be a bit more intensified.

THE CORNERSTONE

The first letter of your first name gives an additional indication of your character, particularly in the way you approach opportunities and obstacles. This first letter is called your Cornerstone.

Your Cornerstone is V

You are intuitive and insightful. You are inspired and may be prophetic, but your imagination is equally strong and can cloud your objectivity. You have big plans and ideas and possess the ability to manifest them. You are efficient and want to see results. You may be eccentric, which does not always work in your favor. You are sincere, loyal, and dependable; however, you can also be quite unpredictable and overly possessive, especially in relationships with the opposite sex.

THE SUBCONSCIOUS SELF

Your Subconscious Self is based on how many numbers are represented in your name, and indicates your ability to make the most of your talents and opportunities, especially when you face new, challenging, or even dangerous circumstances.

Your Subconscious Self number is 9

You are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation.

You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and downs as others.

PLANES OF EXPRESSION; THE PHYSICAL PLANE

You experience life on four different levels: physical, mental, emotional, and intuitive. Your Planes of Expression indicate how you function on each of these planes.

Your physical plane links you to the material world.

Your mental plane, like the emotional and intuitive, perceives the invisible world; the realm of thought and reason.

Your emotional plane is preoccupied exclusively with feelings.

Your intuitive plane gives you access to the insight and knowledge that comes effortlessly as if placed at the doorstep of your mind.

In each category, the number of letters, and their numerical value, gives an indication of which Planes of Expression are stronger in you and which are weaker. Each of us is dominated by one or two of the first three planes. The physical and mental are the most widely used, although a name dominated by emotional letters is not uncommon. The intuitive plane is usually the least utilized. A name dominated by intuitive letters is extremely rare but having no intuitive letters in a name does occur. This does not mean a lack of intuition but points toward a tendency to ignore or distrust intuitive insights.

The Physical Plane represents the physical letters in your name.

Your Physical Plane of Expression is 28/10/1

You are active and inspiring; you are daring in business and other areas of life. You have strong likes and dislikes and live according to your opinions. You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

THE MENTAL PLANE

The Mental Plane is based on the mental letters in your name.

Your Mental Plane of Expression is 25/7

Vivian, you have a studious and scholarly mind. You may have a genius for one particular field of study. You study a subject in depth and abhor a superficial understanding of anything you regard as important. You analyze things down to the infinitesimal particles. You want to know the inner workings of things. What makes them tick. You may be too occupied with your thoughts and tend to withdraw, especially when you are emotionally troubled. You can be extremely critical of

yourself and others. You analyze personalities with an eye toward finding out their secrets and faults. Your mind can look too much on the dark side of things, as if that were the more fundamental part of a human. Your challenge is to use your fine mind constructively, and to attain faith.

You have excellent intuition, which serves you well in life.

THE EMOTIONAL PLANE

It is not uncommon for a person to have a name dominated by emotional letters.

Your Emotional Plane of Expression is 62/8

Your emotions are powerful, and you tend to dominate in your personal and business relationships. You are likely to be the controlling partner in any relationship. You are highly ambitious. You are driven by your competitive instincts. You tend to be status conscious and want to show the world your success. Money and power are integral parts of your life. You dream of big things in life -- heading corporations, building big businesses, directing large numbers of people.

THE INTUITIVE PLANE

A name dominated by Intuitive letters is extremely rare. It is, however, not at all uncommon not to have any intuitive letters.

Your Intuitive Plane of Expression is 15/6

You are extremely intuitive and spiritual. You take your spiritual ideas and experiences quite personally. There is a danger of too much attachment to your ideas and thus becoming deluded.

You have talent as a teacher or minister. You have psychic experiences often related to friends and relatives and should take these messages seriously.

PART V: HOW YOUR CURRENT NAME AFFECTS YOU

The influence of the short name (the name you use to introduce yourself, including your last name) is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers, and their related characteristics, that are missing or out of balance in the full name.

THE MINOR EXPRESSION

Your current name forms the basis of your Minor Expression number. It is usually the first and last name you commonly use to introduce yourself (not necessarily the name you received at birth).

The influence of your short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for letters or numbers missing in the full name.

The name you currently use, also affects how you feel about yourself.

If a name change takes place later in life for marital or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or latent talents.

Your Minor Expression is 22

Your short name increases your ambition, orderliness, and capacity to complete large undertakings significantly. Your ability to manage people and direct them toward some difficult and ambitious goal is greatly enhanced. Your understanding of systems and organization is also strengthened. At the same time, you feel the burden of such lofty ambitions. High demands can cause you much self-doubt. You may be aware of more inner tension, resulting from an inner drive to manifest your ideals in reality. As a result of your Minor Expression number, your efforts are more likely to be directed toward endeavors that are truly great in scope and have a lasting impact.

THE MINOR HEART'S DESIRE

The vowels of the name you currently use to introduce yourself are the basis of your Minor Heart's Desire number.

Your Minor Heart's Desire is 16/7

Your shortened name increases your desire to study, focus, and specialize in one particular field. It increases your need for privacy, contemplation, and meditation. You turn inward more and reflect on your inner nature. You are also more likely to ponder the deeper questions of life.

Your Minor Heart's Desire enhances your intelligence and ability to deal with abstract information. You may find yourself expressing a kind of off-beat humor, as well. Sevens are highly refined and intuitive. They do not take things at face value but seek the depths of understanding.

THE MINOR PERSONALITY

Your Minor Personality is based on the consonants of your current name and reflects, at least to some extent, how you think, or hope, others might perceive you.

Your Minor Personality is 6

You radiate understanding and compassion. People sense your warmth and fairness. For this reason, you attract many people who need comfort, including the disadvantaged. People tend to come to you to unload their burdens. You inspire confidence.

You can take this too far, however, sometimes playing the role of the martyr. You must guard against being taken advantage of. You are not always a very good judge of character. You tend to see the best in others.

You are very vulnerable to praise and criticism. You tend to worry a lot, causing stomach problems.

PART VI: YOUR FUTURE

The next chapters deal with your ever-changing cycles and how they affect you.

YOUR PHYSICAL TRANSIT

The individual letters of your name are used to find your Transits.

Your name is like music that vibrates in time; each note, or letter, has a specific duration and influence over the course of your life.

Your life can, therefore, be seen as a musical score, with individual letters making specific contributions at given points, just as notes in a musical piece give it its rhythm, character, and nuance.

The Transits appear as part of your Progressive Chart and will tell you much about specific influences taking place in your life during given years.

Your Physical Transit for age is I

This could be a particularly emotional time with many ups and downs. The I Transit can make you feel high-strung and vulnerable to stress - and somewhat accident prone. This period requires calmness, centeredness, and an acceptance of life. Do your best to control your moods and try not to slip into feelings of self-pity or insecurity. This year should also find you quite competitive, with opportunities to achieve success and financial reward.

YOUR MENTAL TRANSIT

The Mental Transit is based on your middle name

Your Mental Transit for age is O

This is a time of strong emotional experiences, which can affect your health if you are not mindful. You may find yourself worrying unduly. It is likely that more responsibility will be placed on your

shoulders, with sensitive, emotional issues involved. You will find yourself more interested in religious, philosophical, and physical studies. Your leadership abilities will be heightened during this transit.

YOUR SPIRITUAL TRANSIT

Your Spiritual Transit is based on your last name.

Your Spiritual Transit for age is W

This is a time to let go of the past and accept change with open arms. The letter W introduces new activities and exciting events. You may find yourself behaving erratically at times and somewhat unpredictable. You will need to control this tendency to prevent chaos and unpleasant results; this can be a time of explosive growth, but self-discipline is absolutely necessary. Legal issues might arise, but you will most likely be on the winning end if they do. Your health could use special attention during this period.

YOUR ESSENCE CYCLE

Your Essence number indicates the lessons you will be dealing with during that year. It says a great deal about how you will perceive your environment. It also gives clear advice on how you can be most successful during the year; which types of behavior will be supported by your milieu and which ones will be less effective.

If one or more of your Transits change after your birthday this year, you will find two Essence cycles. If you only have one Essence, it means none of your Transits changed.

Vivian, Your Essence for age is 2

You must learn to cooperate with others in order to accomplish some greater good. This is not a time to lead, but to follow. You must be content to draw your guidance from the environment and those in positions of greater power. You must maintain your own center, but avoid arrogance, rigidity, and stubbornness. The more you insist on your own priorities, the more resistance will you meet. This is a period of partnerships. Your success depends on your ability to work with others.

You will be extremely sensitive and intuitive. Your powers of understanding will be at an all-time

high. These abilities will give you the insight you need to perceive subtle changes in people and situations. You will therefore be better able to adapt to changing circumstances.

Your intuition makes it possible to accomplish great tasks, even though you may not be in a leadership role. The reason: you instinctively know how to react to change, and to gently advise people to go in the right directions.

Your role as an advisor or confidant is the key to your success during this period. You are learning the lesson of interdependence. You will also come to know how valuable you can be in a more passive role. It is a period to serve, to be the helper, the assistant. Your ability and willingness to work with others will be tested and rewarded. It is essential that you listen. Be shrewd in your evaluations of others and of situations, but do not enforce your judgments directly on people.

Your sensitivity will make it necessary for you to seek out harmonious and peaceful environments. Be careful of the health of your nervous system. You can become anxious more easily during this period. Therefore, seek out people you trust; share your deeper feelings; allow yourself to be supported by friends and loved ones. Keep your spirits high and avoid depression.

Music plays an important role during this period. Any musical talent you possess will be enhanced. You even possess a certain physical grace that can emerge in dancing, athletics, or simply walking down the street.

In your passive, centered way, you will be charismatic and attractive to others. People will sense your fine intuition and sensitivity and seek you out for private talks. Be loyal to friends and partners. Remain strong inwardly and flexible without. In this way you will avoid the obvious difficulties and remain on your path to success.

This is a period of accomplishment through gentle persuasion.

YOUR PERSONAL YEAR

Your Personal Year number is a strong indication of the trends and circumstances you experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and, therefore, run concurrently with the calendar year. (Transits and Essence cycles are based on the letters of your name and run from birth date to birth-date.) There are nine personal year numbers in a complete Epicycle.

Each Epicycle reveals the progression of a specific part of your personal evolution. Your progress along this Epicycle can be seen quite logically, from the beginning of a growth period to the conclusion or culmination of that process. The 1 personal year describes your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9

Personal Year, which completes the cycle.

Below is a description of your current Personal Year. It indicates where you are on the 9-year Epicycle.

Your Personal Year cycle for 2026 is 5

This is a year of dynamic change. Many surprises will come your way. Be open and ready to embrace new opportunities. Do not be overly careful this year. This is a year in which a major step forward can take place if you are willing to take some calculated risks and do a little gambling. Wisdom and prudence is the key, but you will definitely be faced with choices that require fast action and a willingness to act before all the facts are in.

This is an exciting year in which you will be required to promote yourself in order to take full advantage of the opportunities that await you. There will be increased opportunity to travel and possibly a change of residence. You will have some unexpected adventures and lucky breaks this year.

You may be tempted by the desires of the flesh: too much food, alcohol, sex, and drugs. Be careful and discriminate. You could make mistakes in these areas.

This can be an unsettling year if you try to cling to outmoded methods or characteristics. This a year to throw off the old and adopt the new. It is a rebirth and a release after last year's struggle.

This is a year in which change takes place consistently, and particularly so in April and May. July is a breakthrough, a time to enjoy life. September can be intense, while October requires tact and balance in relationships.

Your Personal Year cycle for 2027 is 6

This is a year of progress and financial advancement. Major career opportunities present themselves. It is a challenging year in which personal growth is joined with new responsibilities and challenges. This is a year of domestic responsibility and attention to the needs of family and friends. It is a time of heartfelt emotions and some sacrifice. It is a time for comforting and caring. You realize the importance of your place within your community. You will be called upon to help others bear their burdens. You are the proverbial friend in need. Deep feelings bring renewal to relationships and often a birth in the family.

You must work to create an atmosphere of harmony and balance. It is often a time when marital issues surface and need attention. However, you possess the understanding to deal with such

issues effectively if you apply yourself with love and flexibility.

May is an emotional month filled with the promise and the stress of imminent changes. June is a breakthrough and a relief. September brings advancement, October self- reflection and readjustments, and December brings a sense of completion and fulfillment.

YOUR DUALITIES

How the yearly cycles affect each other.

Your Essence and Personal Year cycles are distinctly separate energies that influence you in different ways. Your Essence reflects your mental, emotional, and spiritual state of mind at a particular time in your life and feels like an internal influence; it's a stage in your personal evolution. Your Personal Year cycle, however, feels more external.

Your Essence and Personal Year cycles overlap creating a duality which produces its own influence. Most importantly, it tells us how you can get the most out of your mix of Personal Year and Essence cycles by looking at their combined influence.

Personal Year cycles run concurrent with the calendar year and change every year, while Essence cycles run from birthday to birthday and can be anywhere from one to eighteen years, sometimes even longer. Therefore, you can have either two or three Dualities during any 12-month period. Three, if your Essence changes (one before your birthday, one after your birthday, and another when the new year starts). If your Essence doesn't change, you have two Dualities, one for each calendar year.

For the purpose of Dualities, Essence cycles with Master Numbers (11, 22, or 33), or Karmic Debt numbers (13, 14, 16, or 19) are reduced to single digits, as their effect in the context of Dualities is indiscernible.

Your Duality after your birth day in 2026 is 2 and 5

The Duality of a 5 Personal Year and 2 Essence cycle can be challenging, Vivian. The main conflict stems from your Essence being largely focused on feelings and relationships, while your Personal Year influence wants freedom, variety, and adventure. Your 2 Essence produces a mindset that desires peace and harmony during a period when your 5 Year rocks the boat and brings change.

You will probably be restless this year, and a little tired of the predictability of your circumstances, thanks to your freedom-loving 5. However, your vulnerable 2 Essence could make you hesitant to address those feelings, for fear of disrupting your romantic (and other) relationships.

Consequently, you will likely find one side of you holding back, while the other side reaches out.

With your Personal Year delivering the dynamic 5, events and circumstances around you could be unpredictable, seemingly random, and often hectic. The conflict with your desire to maintain the status quo while your environment summons you to take chances can cause considerable frustration. It can also make you indecisive and hesitant.

Your best response is to ignore - to some extent - the tendency to be overly cautious and conventional. (Your fragile 2 Essence could make you worry more than usual.) Courage, decisiveness, fast thinking and quick reflexes are the tools needed to make the most of this combination.

Relationships that have a solid foundation will adjust and survive. Try to be sensitive to others (easy for the 2) but honor your need for change and excitement as well.

Your Duality before your birth day in 2027 is 2 and 6

Vivian, when the 2 and 6 team up, they deliver excellent traits for strengthening existing relationships and resolving personality conflicts. After reading about each cycle separately, you may have noticed they both focus on people: friends, family, co-workers, and romantic partners.

The 2 should put you in a sensitive, intuitive, and tactful state of mind. This is fortunate, because your 6 Personal Year will likely bring relationship issues to the surface. However, due to the vulnerable, sometimes overly sensitive side of the 2, it could also be a stressful period emotionally. The degree to which this will be the case will depend upon how difficult your relationship issues are. Generally, though, discord will probably affect you more than usual.

The 2 is known to be harmonious and cooperative, which will draw others to support you. However, the 6/2 combination can also bring an end to relationships that are no longer healthy. Both marriage and divorce are more likely to take place during a period when both the 2 and 6 are in play.

This duality cycle is favorable for career, especially if you are in sales, education, medicine, banking, the legal field, or another occupation where interacting with people is an essential element. Promotion and an increase in responsibility are also common.

Finally, this is the perfect time to make healthy lifestyle changes physically, mentally, and emotionally. Both the 2 and the 6 seek balance and care. This combination creates a 4 Bridge number that tells us your best ally this year will be the efficient traits of the 4. Success will require discipline, efficiency, organization, an eye for detail, and a practical approach.

PART VII: YOUR MONTHLY CYCLES

Monthly cycles follow each other in an orderly fashion; if your current Personal Month cycle is 1, the next will be 2, followed by 3, then 4, and so forth. However, this orderly pattern changes with the new year coming in. It is therefore possible to have a 7 Personal Month in December followed by a 5 Personal Month for January.

YOUR PERSONAL MONTH

The influence of a Personal Month gradually changes from one month to the next over approximately five days at the end and the beginning of each month.

Your Personal Month cycle for month is ~PERSY~ 5

The hectic pace of last month continues. However, the nature of activities is quite different. You are challenged to keep up with events and influences that, at times, appear out of your control. If you can be flexible and adaptable, you will cruise through this month comfortably and successfully. Let old plans, expectations, and concepts go. Otherwise, stress may take a physical toll. If you are willing to take the changes in stride and "go with the flow", you will find yourself in a better position in career as well as personal life by the end of this month.

This is an adventurous, dynamic, and progressive time, with less focus on details and routine stuff. Social events and romantic adventures highlight the month. The word "adventure" is the operative word: few romances that begin during this time have the emotional depth and substance needed to survive the test of time. However, any relationship begun now still has much to teach you about life and love, so be open to all the possibilities.

Be warned, however. You may have a tendency for over-indulging your senses this month. Moderation is wisdom.

Your health may cause you some concern. In most cases, this is the body reacting to changes that have taken place during the course of this year and are only temporary. If problems persist, seek the advice of health counselor or physician.

responsibility, recognition, and perhaps a raise or promotion. This month shifts the focus to relationships with family and friends. If you are unwilling to trust or abuse the trust of someone else, you could experience the break-up of a relationship. Share your feelings.

If you are single, a new and lasting romance is possible. If you already have a relationship, this is the time to commit. All affairs of the heart are positively highlighted. Health problems will also take a turn for the better.

November, with the 7 playing such a major role, directs the focus to your inner self. Some people experience this month as lonely, but it doesn't have to be. You will be inspired to refine your understanding of your place in the universe. Spend time considering what you are going to do with the rest of your life. Search your soul, define your priorities, and plan your future. Study and read and think. You are observant and insightful.

Put romance, career, and financial matters on the back burner this month. There will be plenty of time for that later. If you direct all your effort toward honest self-confrontation, your future progress will be insured.

December will be rewarding in many areas of life. This is a good time for business and money matters. But don't indulge in spending money to impress others or flaunt your success.

The 8 Personal Month brings balance in all material matters. Expect some recognition in your working environment, perhaps a bonus or promotion. This is an excellent time to promote some of your ideas or any other input you have in relation to your career.

Romance is favorable too. Express your love.

January brings stability and clarity. Your career shows promise, but there is not any promotion or practical gain just yet. If you are involved in legal affairs or have wanted to take care of something that involves the law, this month is a good time to start the necessary procedures. You may be notified of an impending legal procedure that affects you or a loved one.

Study or read and enjoy the much needed quiet after last year's hectic pace. Domestic affairs play a major role during this year and begin now. However, you will be feeling more intellectual than

emotional during this month. Tolerance and forgiveness will not come naturally, and you could be a little self-righteous. Try to be more flexible.

February may bring upheaval in family affairs or with friends. The 8 carries a powerful balancing energy and much of that will be directed to your relationships. The truth will come out and you will have the opportunity to heal relationships that have been damaged by misconceptions. Real relationships will become stronger but superficial ones will break down.

Rewards and recognition in your career will also come to you this month. Often, the 8 Personal Month/6 Personal Year brings considerable progress and financial gain.

Romance is also strongly represented. You meet an attractive person, but the challenge here is to approach the situation with sensitivity and awareness. If you come on strong, you will blow the opportunity. Focus on sensitivity and avoid the temptation to be rude at all costs.

Your Personal Month cycle for month is ~PERSY~ 9

Whenever the 6 and 9 team up, it is often emotional because you may have to let go of someone close to you. You experience relationships more deeply and feel greater warmth for others. You reach out for contact and substance. Other people will also be drawn to open up their hearts and minds to you. This reflects strongly in your relationship with family and friends, but also in the work-environment. People will come to you with their problems, seeking an understanding ear and a shoulder to cry on. You feel closer to your fellow man, and because of your attractive disposition you will receive much support from others.

Good news may come from your work that will boost your self-esteem. Move slowly and carefully where romance is concerned, however, because you are not in a position to make long-range plans.

This month brings new beginnings in several areas of your life. You have more energy and are ready to implement some changes in your life. Display aggression in your career and it will progress nicely. Start new projects. Take a chance. A 6 Personal Year often brings considerable financial gain, particularly in or around the months of April (this month) or November.

This is also a time in which matters of the heart come to some kind of climax. Young lovers get married, married people re-commit, and troubled relationships either work it out or separate.

The month of April brings challenges in the area of communication. Be careful what you say and

how you say it, so you don't stick your foot in your mouth. Actively pursue the things you want in your career, finances, and love-life. Romance is very positive now and more people find their soul-mate during this period than at any other time during the 9-year cycle.

Your Personal Month cycle for month is ~PERSY~ 2

May is a 2 Personal Month in a 6 Personal Year and focuses on harmony and diplomacy in all relationships, including the work-environment. You are more sensitive and aware of the feelings of others than you were last month, and you will be called upon to use those abilities.

You will find yourself in the role of mediator/peacemaker in order to maintain harmony in the work place. Become a hard-nosed yet diplomatic negotiator. Find a balance between tact and sensitivity on one hand, and persistence and conviction on the other. You will be able to meet these challenges and will come through with flying colors. Financial rewards will come. Keep things organized and take care of details or else you may find yourself in chaos by the end of this month.

If you are involved in a legal tangle, and quite a few people in this stage of their Personal Rhythm Cycle are, you will gain some ground and find good reasons to be optimistic.

Romance is highly favored now, especially for new relationships.

August brings some changes in work and your personal life. It is a dynamic time, and nothing goes according to plans. Play things by ear.

Your career progresses well as a result of your enhanced ability to find creative solutions. You make a good impression on some people who are in a position to reward you. There will, however, be a confrontation between you and a co-worker, with long-ranging affects. The outcome will depend on your personal strength and self-confidence. If you are involved in business deals or legal affairs, some surprising changes may take place. In all areas of your life, flexibility and adaptability are important. Your friends and family require a lot of attention. Social gatherings are frequent and will bring new relationships into your life.

Traveling, perhaps across the ocean, is possible and favorable.

Romance is exciting. Be socially active. If you are single, you could meet someone who will be a permanent part of your life.

September will force you to deal with the issues of responsibility and loyalty. Devote your time and energy to the needs of family and community. Become involved in some sort of activity that will benefit others financially. You will, and should be, concerned less with your own financial affairs, than with those involving others. Be selfless and generous in all areas of your life. It is a time to forgive and heal. You are highly aware of your bond with the people you love, as well as with neighbors and co-workers.

Legal affairs you might be involved in come to the foreground. Financially, September has the potential to be very good.

Romance is shaky. Choose your words well and follow up on promises. Don't forget birthdays.
