THE NAME ADVISOR FOR PEOPLE

There are many reasons you might want to analyze a name. Perhaps you are considering a name change or are expecting a child. In any case, it is important to recognize that the name you choose is only one part of the picture that determines who you will become.

A name is not unlike a blueprint. It reveals the talents, shortcomings, likes and dislikes, and a wide range of other traits, that were gifted on the day you received your name. Although your name may remain unchanged for decades, you evolve and change over time. This evolution begins with your date of birth. If a name change takes place later in life, it alters some of the traits and characteristics of the individual going forward, but the birth date and original birth name will continue to have the greatest impact.

In short, your name is YOU; your date of birth is YOUR PATH. Intertwined and co-dependent, every building block in a personality's DNA has the potential to change or disappear entirely, just as a missing quality can be learned or unlearned.

HOW TO READ THIS REPORT

No name is perfect. What you should look for are the specific strengths and talents you hope will benefit the person receiving the name.

If the name you are analyzing is for an unborn child, the report will only describe personality traits as reflected in the name you choose. Although it will be an incomplete picture (since the date of birth is unknown) it will still be a specific and detailed reading of the person about to be born.

The full name at birth describes their Personality, Hearts Desire, and Expression. If the child has already been born, use this Name Advisor to try a range of names. Once you have narrowed your choices, you may want to follow up with a complete Personality Profile, since you now also have the date of birth.

If you are considering a name change for yourself, the Name Advisor provides opportunities to try several names and variations. However, choosing a new name is not unlike buying a suit; it needs to fit. It is less important to find a name with a specific quality than to find one that suits you and feels comfortable to the person you know yourself to be.

Note: The report is written as if the person already exists.

An analysis of the name Test

HOW HER NAME NUMBERS STACK UP

Both her Heart's Desire and her Personality numbers are 5. Her Expression is 1. A double 5 supporting a 1 is a powerful combination with many options. She has more career choices than most people do. However, when the 5 energy is this strong, controlling it can be a challenge.

Her 5 Heart's Desire tells us that she is an adventurer at heart. She is easily bored, desiring change and variety. Her 5 Personality creates the impression that she is a bit of a rebel, unpredictable and difficult to read. She is unconventional and shows it, at least in part, through her appearance. Fortunately, thanks to her potent 1 Expression number, she can lock into a goal and pursue it to the end. Funneling her 5 energy toward that goal, will be her challenge. If she can stay

focused, she will be unstoppable.

As to her personal life, she will probably have quite a few romantic experiences, more than most people. She may want to consider not committing to a serious relationship until at least age 30; she may not know herself well enough to recognize what she wants until then. Her need for freedom is such a dominant factor in her life, it can make commitment feel like a threat to her happiness. She may be past her 20's before she finds some measure of stability and balance in this, and other areas of her life.

She is generally a late bloomer, not because she is slow, but because she is curious and inquisitive and wants to try everything that comes her way. This takes time, just as walking a path while making numerous detours delays one's arrival.

SHE HAS A 1 EXPRESSION

A person with a 1 Expression is a natural leader, independent, individualistic, ambitious, original, and courageous. She employs new and unproven methods. She is an explorer and an innovator. Openness to too many peripheral influences limits and frustrates her. She is self-reliant, confident, energetic, and springs into action when leadership is needed. She possesses executive abilities and is most successful at owning or independently managing a business. She needs the freedom to make her decisions, based on her ideas. She easily assumes the role of protector. She can be an astute politician. She also possesses the ability to influence the opinions of others.

The number 1 symbolizes the front-runner, pioneer, warrior, risk-taker, and daredevil. Generals, top politicians, successful businesspeople, self-made millionaires, religious leaders, inventors, activists, and avant-garde artists are often born with a 1 Expression.

Strength and perseverance are central to her success. She must be willing to travel the frontiers of life, away from the beaten path. She possesses a great reserve of willpower that must be directed at her goals. She does not give up, but relentlessly pursues her aims.

She is quite opinionated. People tend to be inspired or repelled by her strong personality. She has great powers of concentration and the ability to visualize her goals, thus making them more attainable. She stands up for her convictions and holds her ground. All these abilities enhance her chances of success in life.

There is a tendency to be self-centered. She can be domineering and, in the extreme, a bully. She can be highly critical of others, complaining that people lack the industry or determination she possesses. But this lack of understanding can alienate friends and family members. She must learn to control this tendency to maintain harmony in relationships. Once she is convinced of the inherent correctness of her ideas, she stubbornly - and sometimes rigidly - defends and

propagates them. She must learn to avoid obstinacy and antagonism, and cultivate balance, compassion, and perseverance.

Pride can be her downfall. She so powerfully identifies with her goals and ambitions; she sometimes refuses to see a potential flaw or weakness in her well-laid plans.

She possesses strength and determination, which, when applied to any endeavor she is committed to, will lead her to great success in life.

HER HEART'S DESIRE AND PERSONALITY ARE BOTH 5

Freedom is essential for her happiness. She loves change, new experiences, meeting new people, adventure, and travel. She loves the exotic, faraway places. Variety is more than mere spice of life - she thrives on it. She is extremely flexible and adaptable. She has more curiosity than the proverbial cat. She has a sharp mind and a natural ability with words. She is a born communicator, clear, fluent, and imaginative in every area that interests her - which are many!

Her Heart's Desire makes her very well equipped for life. Change - the only constant in life - does not threaten her, as it does other people. She is highly resourceful. Generally, she can think clearly in a crisis; she has good mental and physical reflexes. Whenever she falls, she tends to land on her feet. She is a little irresponsible and quick in satisfying her sensual urges. She is attractive and that, coupled with her innate ability to promote herself, makes it easy for her to satisfy her desire for new and exciting relationships. She has a kind of swashbuckling personality. People see her as the adventurer that she is. They expect the unexpected from her. She likes to dress fashionably and can get away with more colorful clothes. However, she should be aware of the value of quality and the power of modesty.

She is a stimulating person. She brightens social gatherings with her fresh and original ideas. Her conversation tends to be sprinkled with novelty and wit. She is socially oriented and rarely, if ever, dull, or boring. She is highly enthusiastic. She gets excited easily over a new idea or opportunity. Her nature is unconventional. She is a bit of a gambler, taking risks whenever she thinks the rewards are worth it. She is, of course, drawn to those people who, like herself, are original thinkers and have exciting personalities.

She enjoys being involved in several projects at the same time. She needs continual stimulation by the new and fascinating. She tends to discard boring pastimes quickly. Her love of freedom and change can have numerous consequences. She can be irresponsible, especially when it comes to finishing tasks. She has a hard time persevering at a given project and bringing it to completion.

Her bane is that she loves to indulge her senses with food and drink and can easily gain weight. She has an appetite for anything that stimulates the senses - sex, food, alcohol, and drugs.

Discipline is a necessity for her. The negative side of a 5 Personality Number can give rise to an addictive personality.

She is a bit of a hero and wants to save the world. This causes her to make promises she often cannot keep. Down deep, she longs to please everyone, an impossible goal. Many 5s can be emotionally superficial. They feel love passionately, but fear making deep and lasting commitments. As a result, they resist the depths of emotional attachments and remain on the surface where it is safe.

She will experience many changes and unusual events, but she learns best through experience. Therefore, her life will be full, and she will make great strides in personal growth.
